FREE LEGO BUILDING INSTRUCTIONS · PDF

Back to the Future DeLorean Time Machine

The stainless-steel DeLorean time machine at City scale: black rear louvres, a glowing flux capacitor and Mr. Fusion on the back.

Free LEGO Back to the Future DeLorean Time Machine instructions as a printable PDF: a fan-made LEGO MOC built from 71 standard LEGO pieces in 10 steps, with the pieces for every step and a full parts list.

Build it in 3D, step by step:

71	10	35
PIECES	STEPS	KINDS OF PIECE

An unofficial fan build. All standard pieces; any similar colour works. Every stud is checked. LEGO is a trademark of the LEGO Group, which does not sponsor this site.

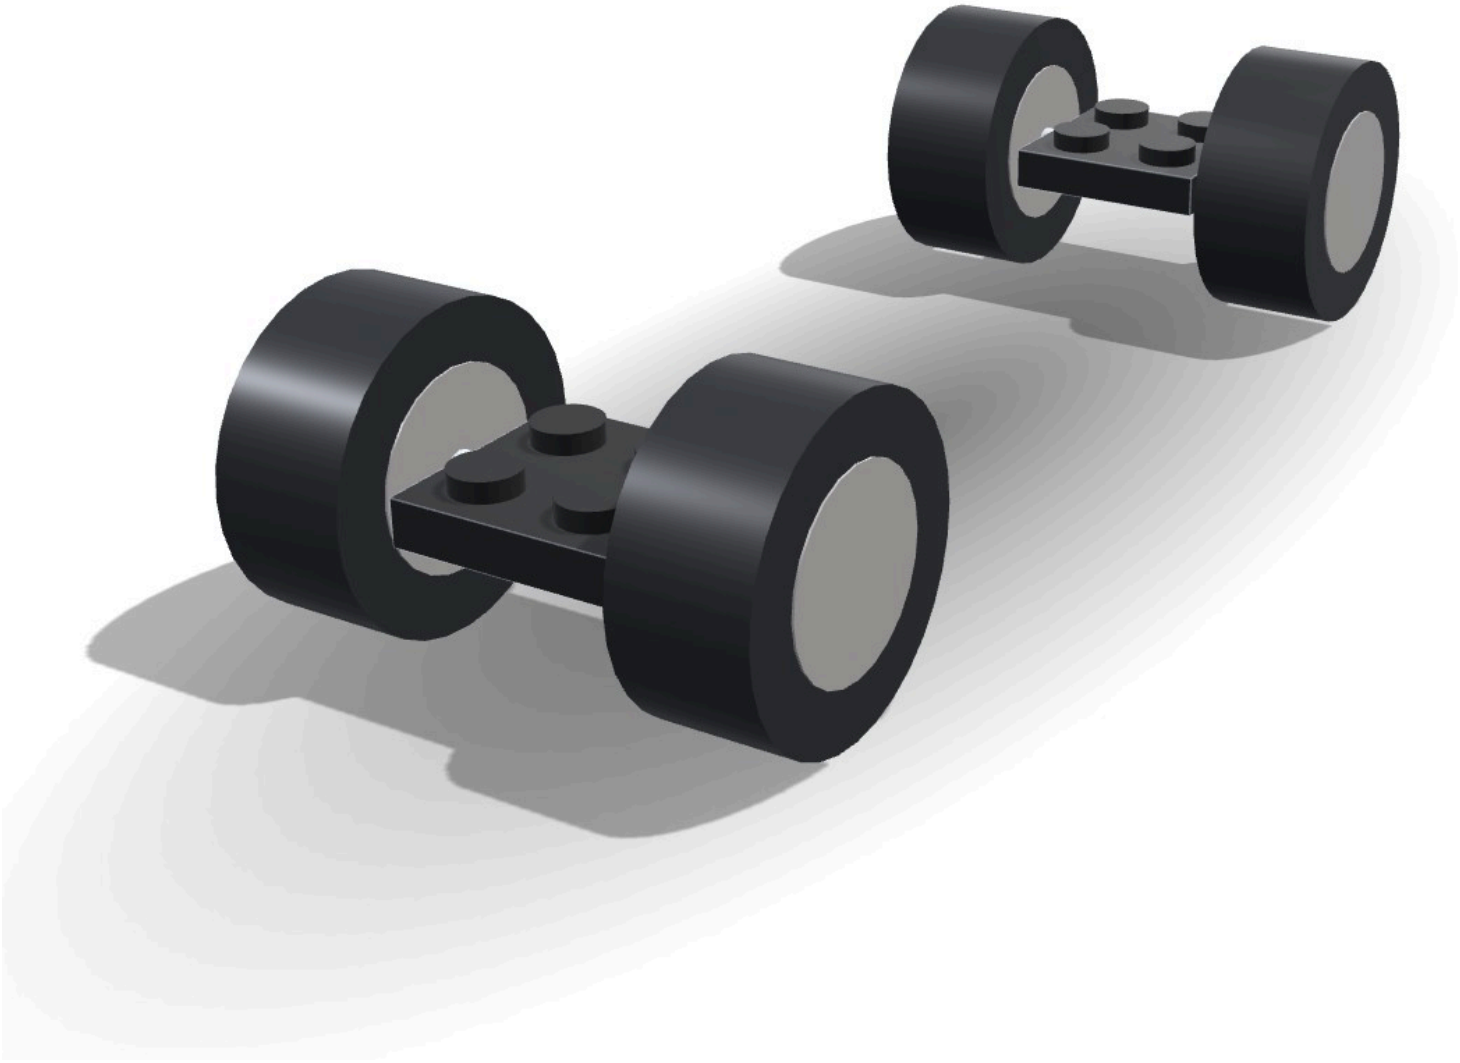

STEP

1

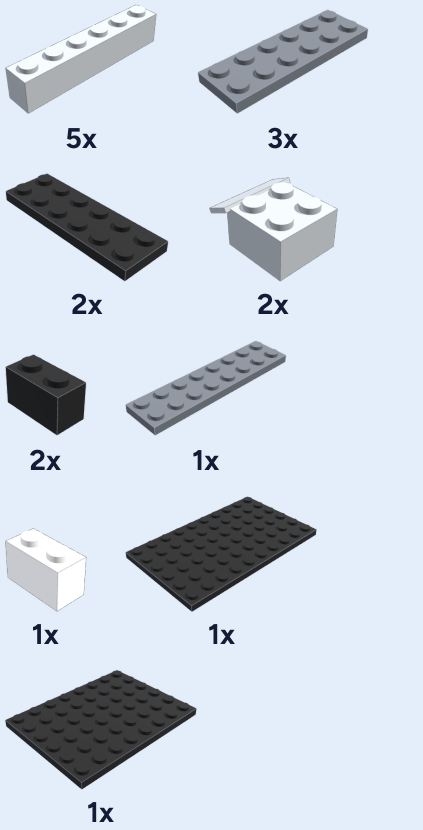

Wheels

Two black wheel plates, 10 studs apart, with a silver wheel on each side.

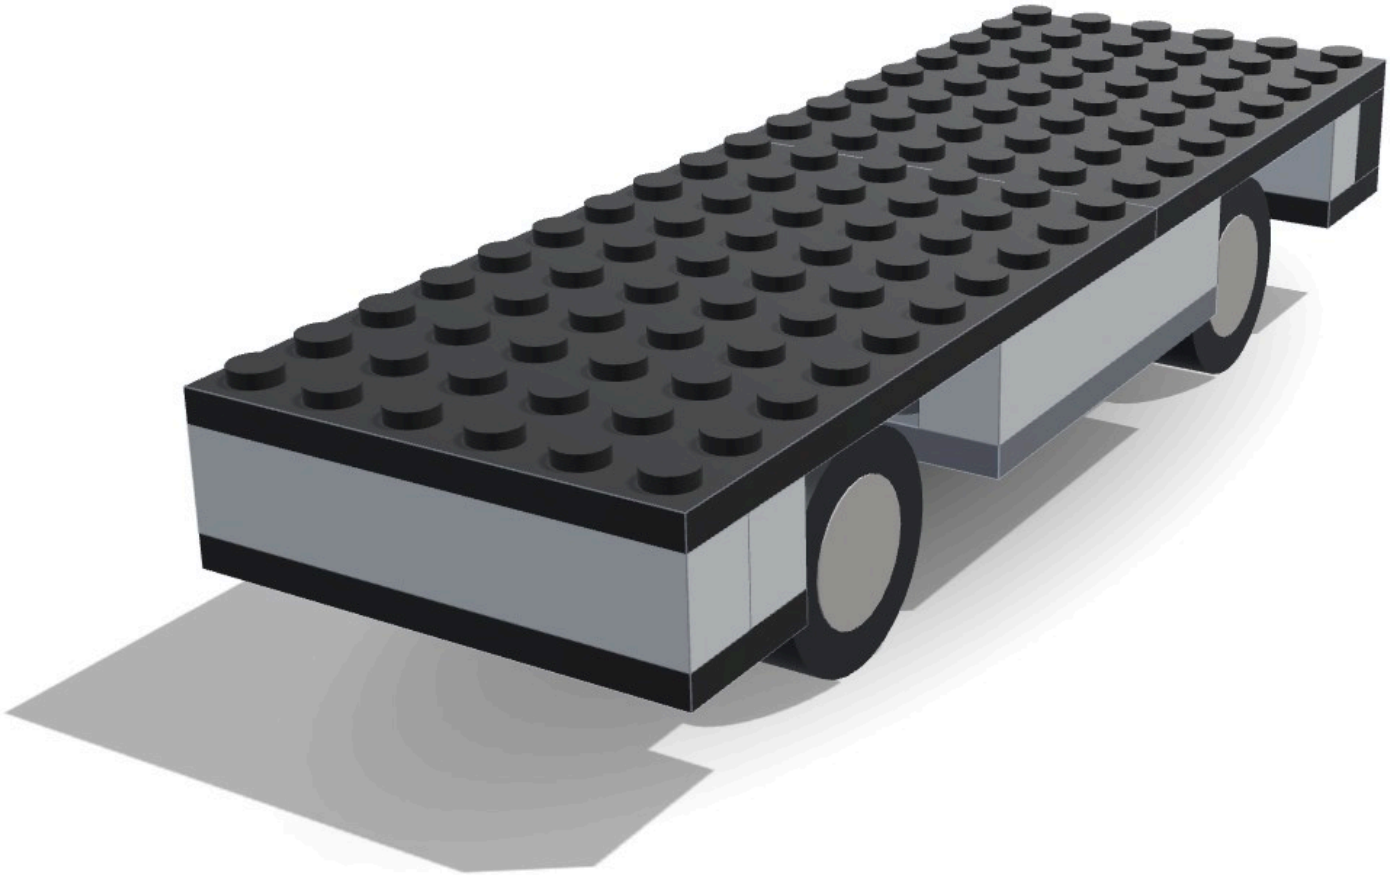

STEP

2

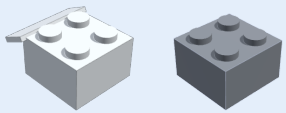

Chassis strip

Join the wheel plates with a dark gray 2-wide strip, black bumper plates at both ends and sills between the wheels.

STEP

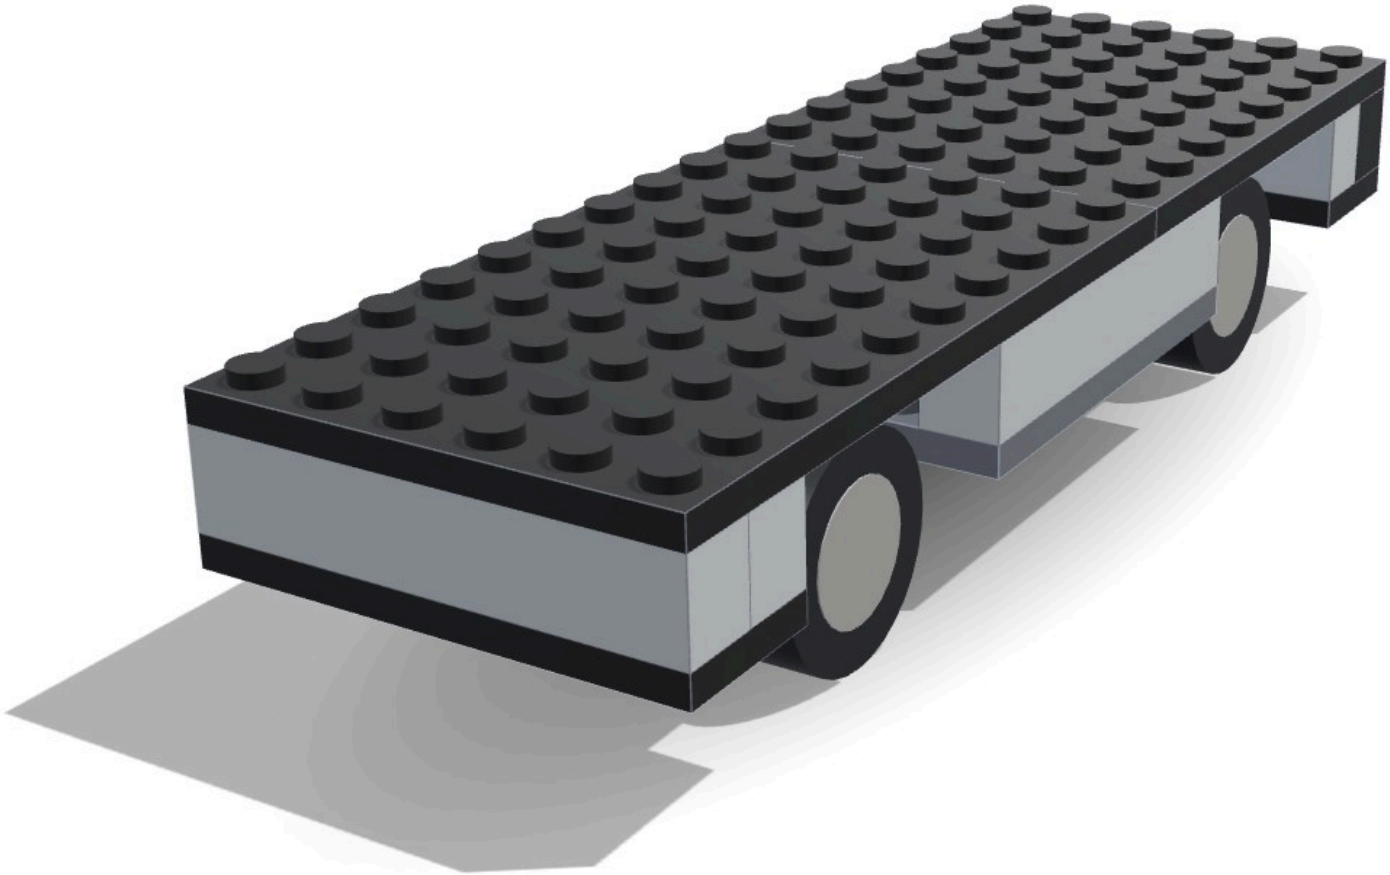

3

2x 1x

Mudguards and middle block

A steel mudguard over each wheel, lip over the tyre, and a dark gray 2×2 brick in the middle of the strip.

STEP

4

4x

1x

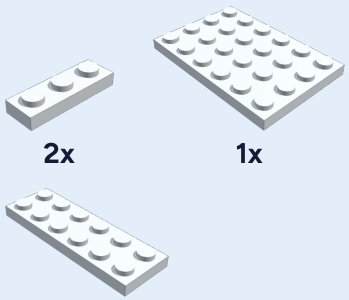

Rub strip and headlights

The black deck runs all round the car like the DeLorean's rub strip; the black grille carries four square headlights.

STEP

5

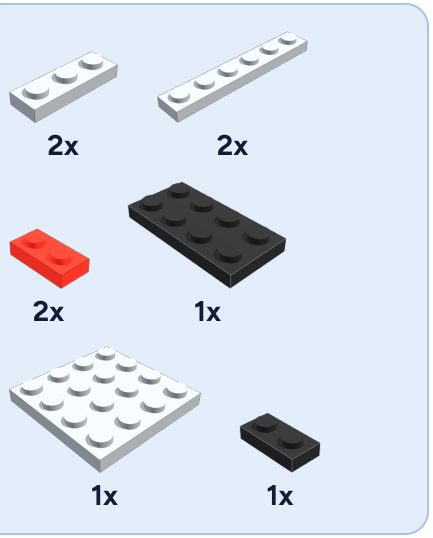

Bonnet

The long, flat steel bonnet, rising one plate toward the windscreen.

STEP

6

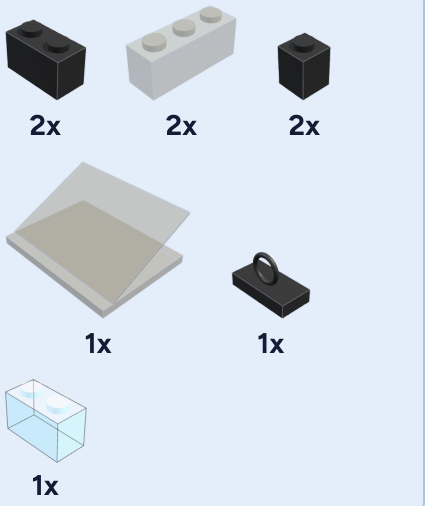

Sills, engine lid and tail lights

Steel sills and rear haunches, the steel engine lid, and red tail lights either side of the black panel.

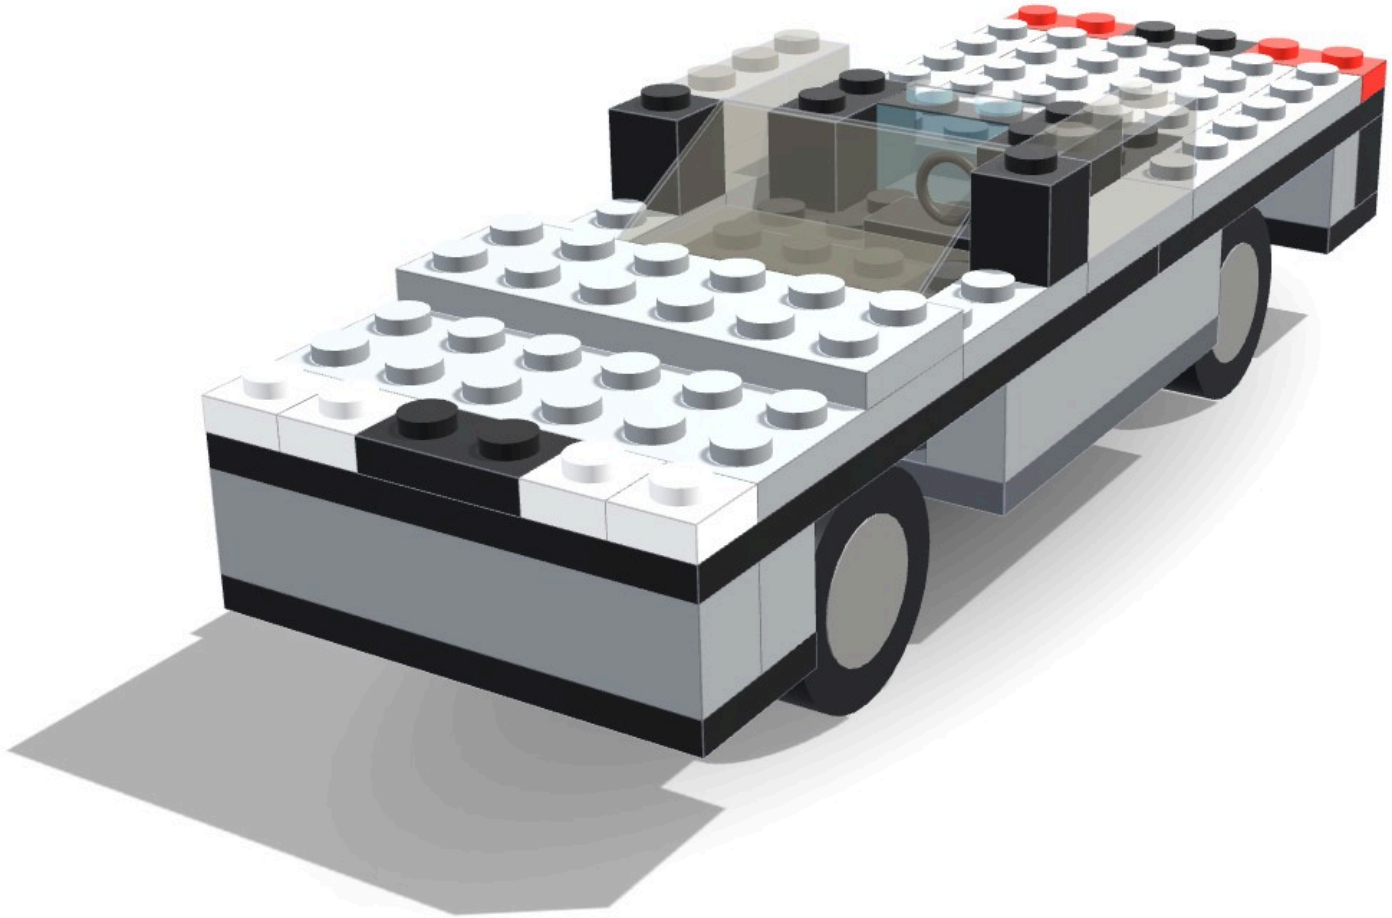

STEP

7

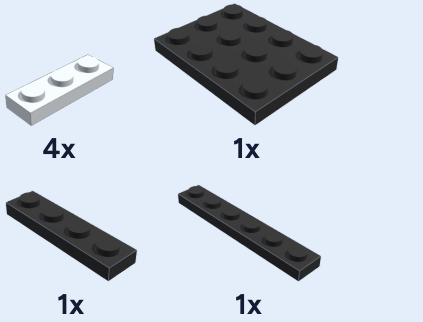

Cabin and flux capacitor

Windscreen, steering wheel on the left, two black seats with the glowing flux capacitor between them, the side glass and black window pillars.

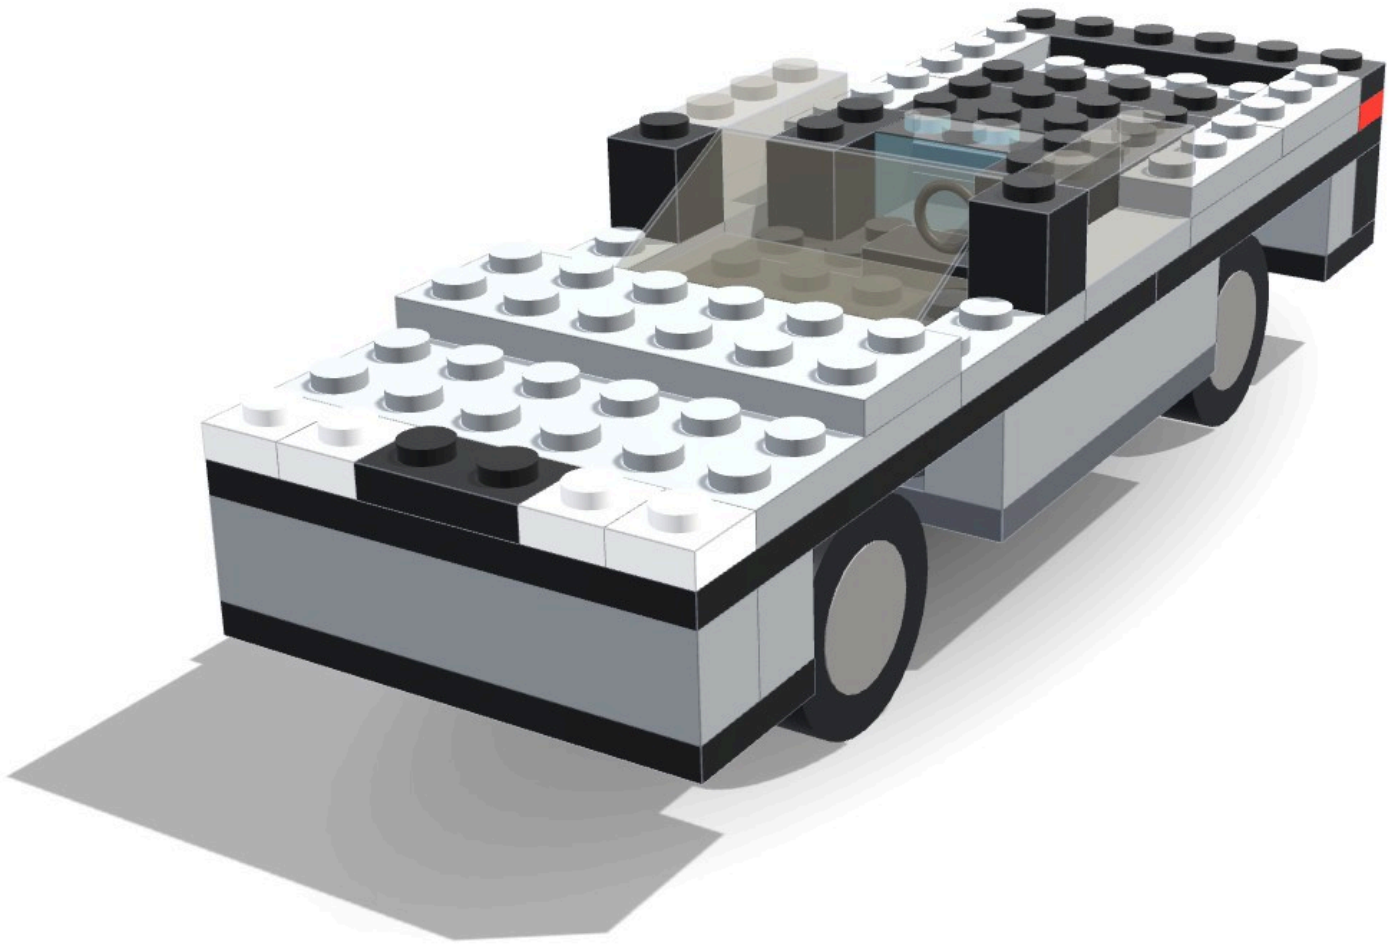

STEP

8

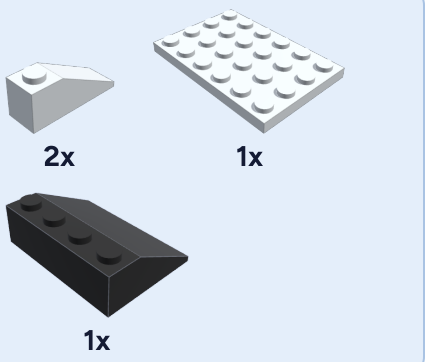

Rear deck

Steel rear quarters, the black base for the louvres and the black tail panel.

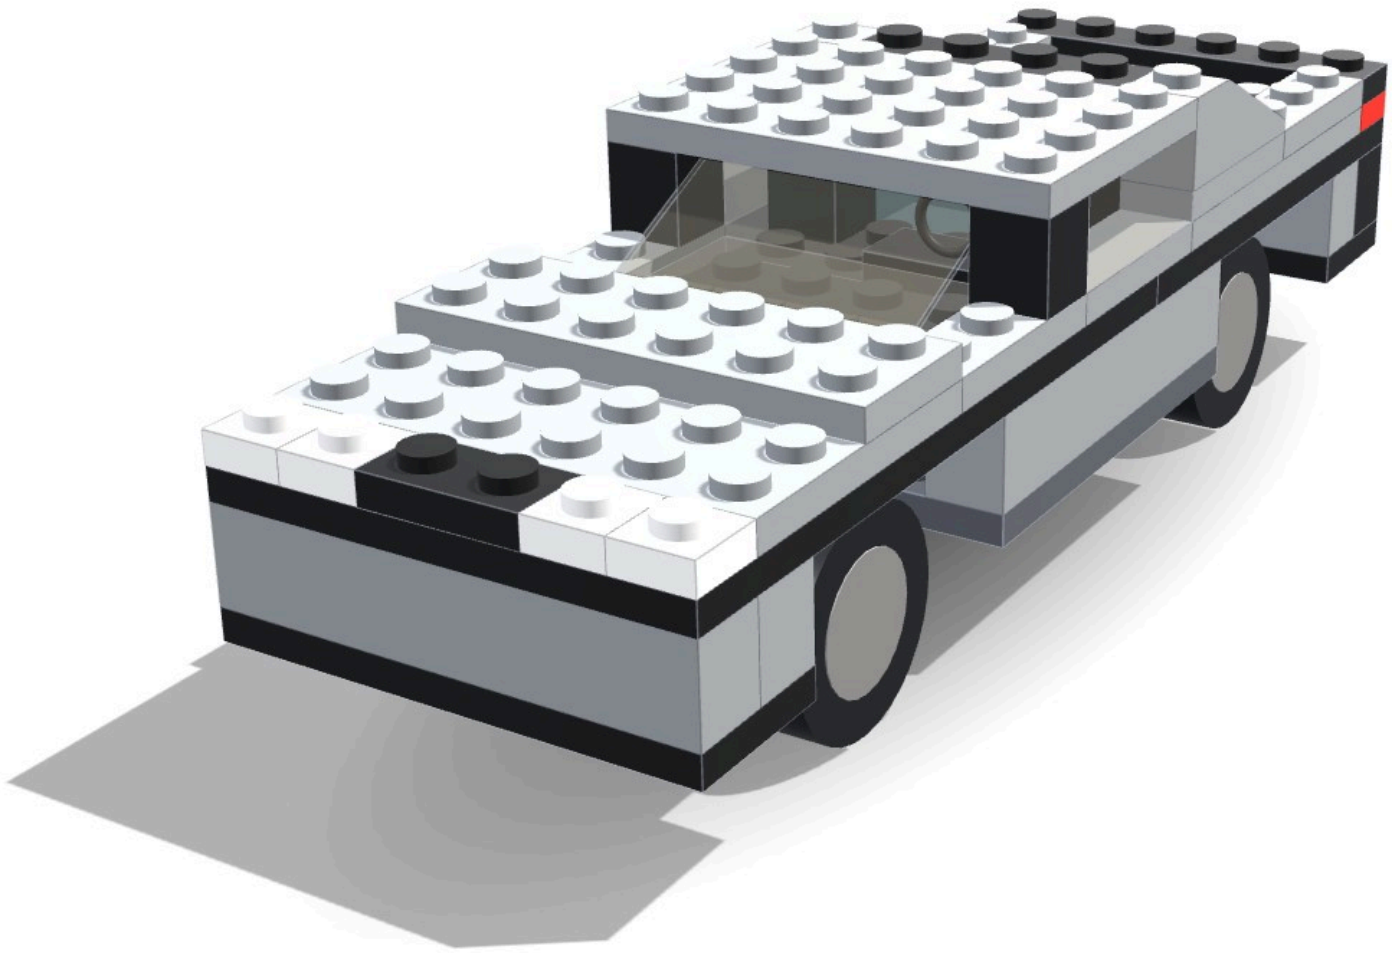

STEP

9

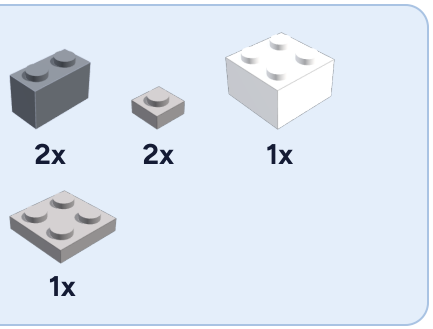

Roof and back window

The flat steel roof (the gull-wing doors), the black louvred back window and the steel sail panels sloping down to the engine lid.

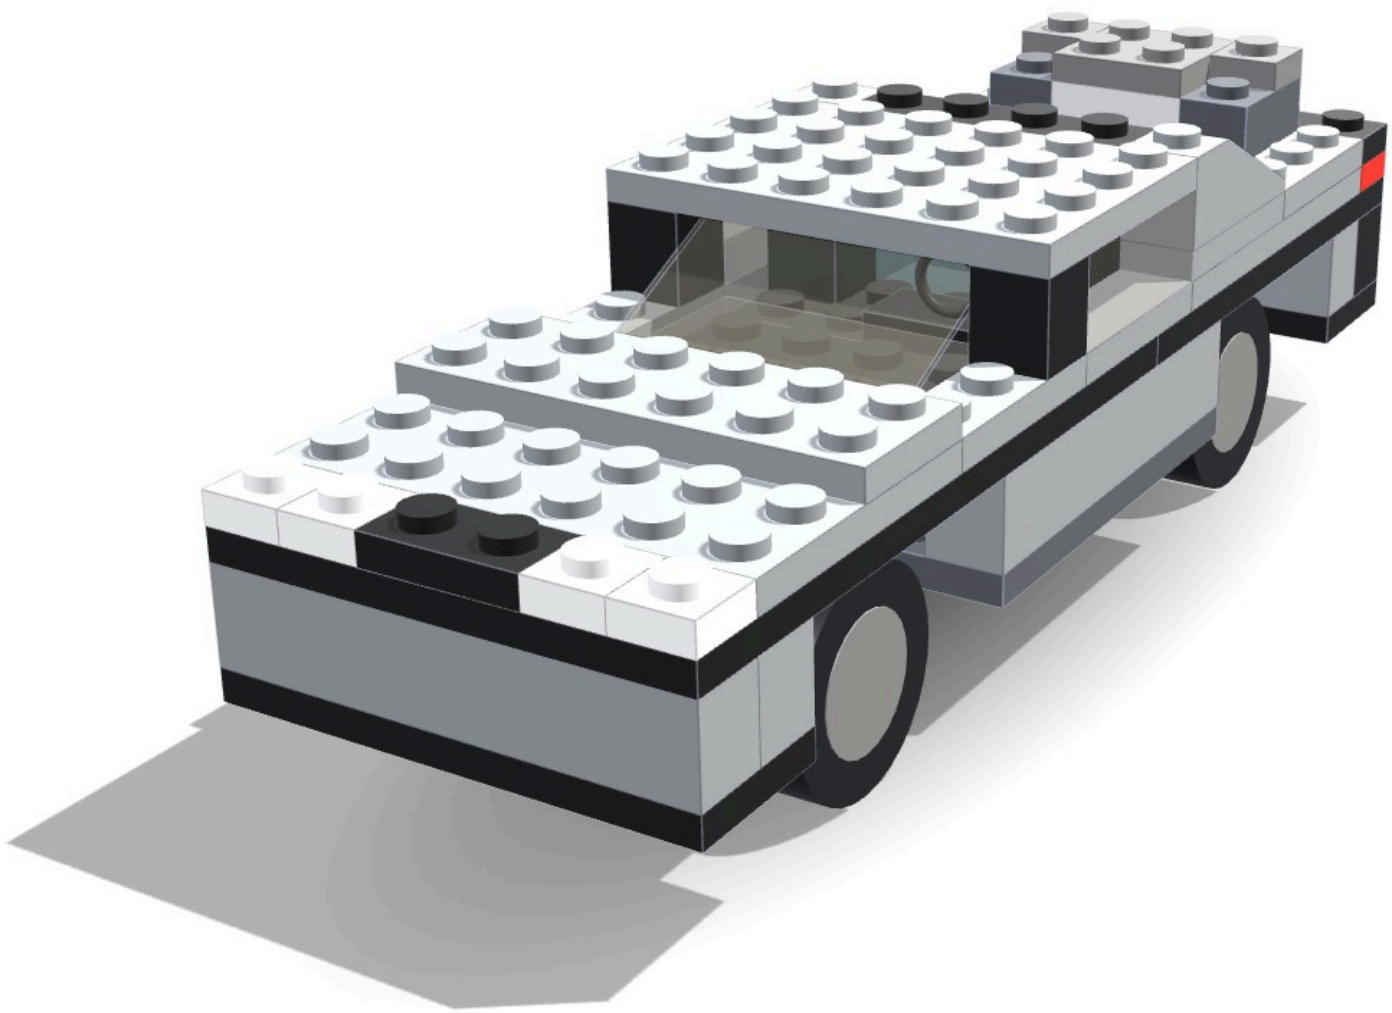

STEP

10

Mr. Fusion

The time machine kit: two dark gray reactor vents with silver caps and the white Mr. Fusion with its silver lid. 1.21 gigawatts!
