STEP

1

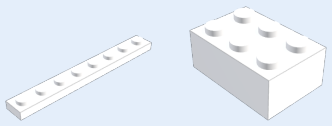

Grass court

Lay the two green 6×16 plates side by side, then the four 4×12 plates across them in alternating greens: the mown stripes of Wimbledon grass.

STEP

1x

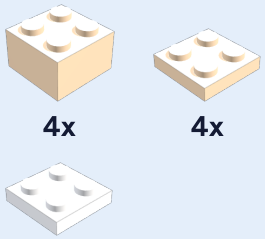

Baseline, ball and shoes

Two white 1×8 plates make the baseline in front of her. Add the lime ball and her two white shoes, toes forward.

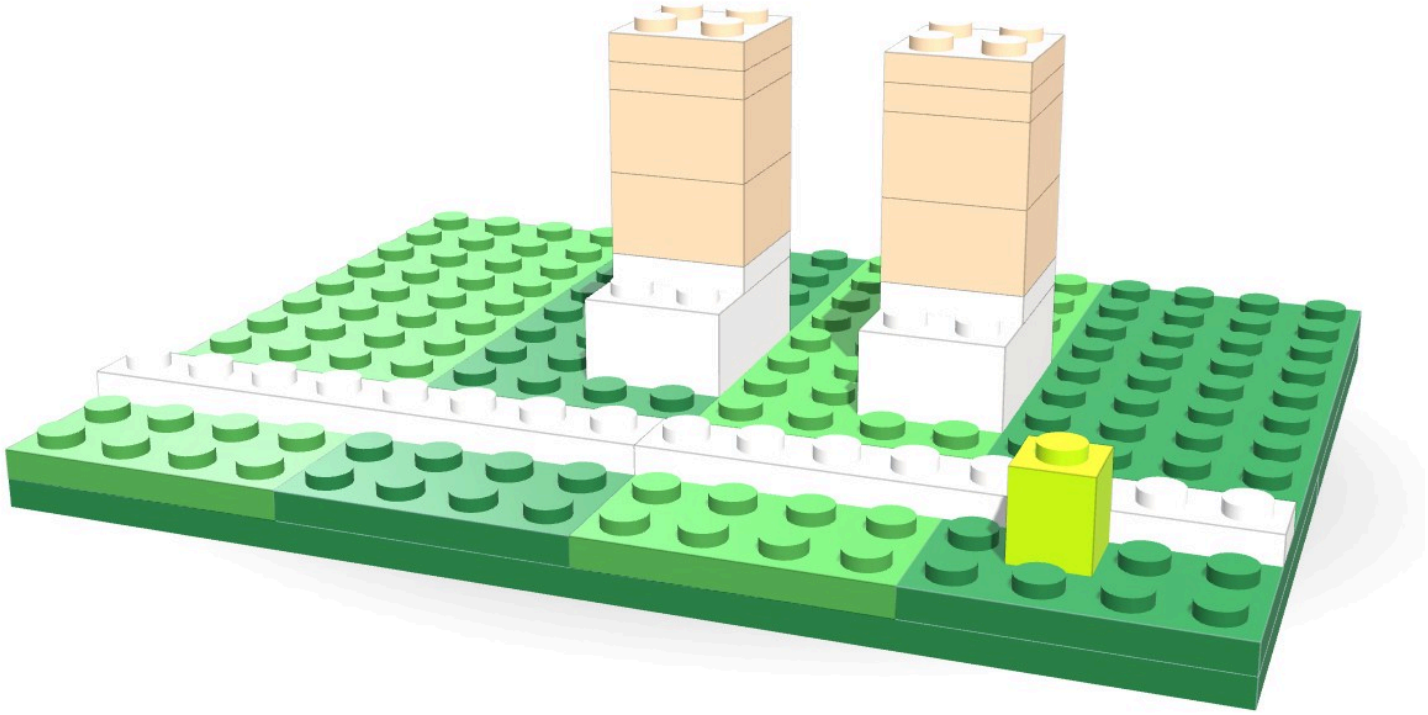

STEP

3

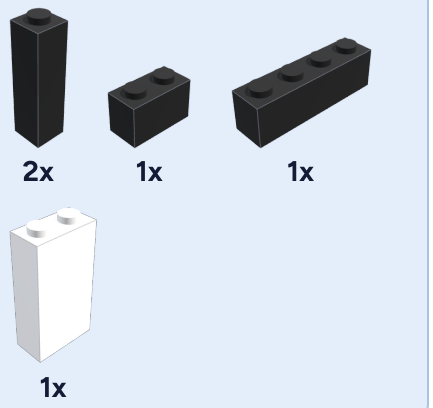

Socks and legs

A white 2×2 plate for each sock, then two light nougat 2×2 bricks and two 2×2 plates for each leg.

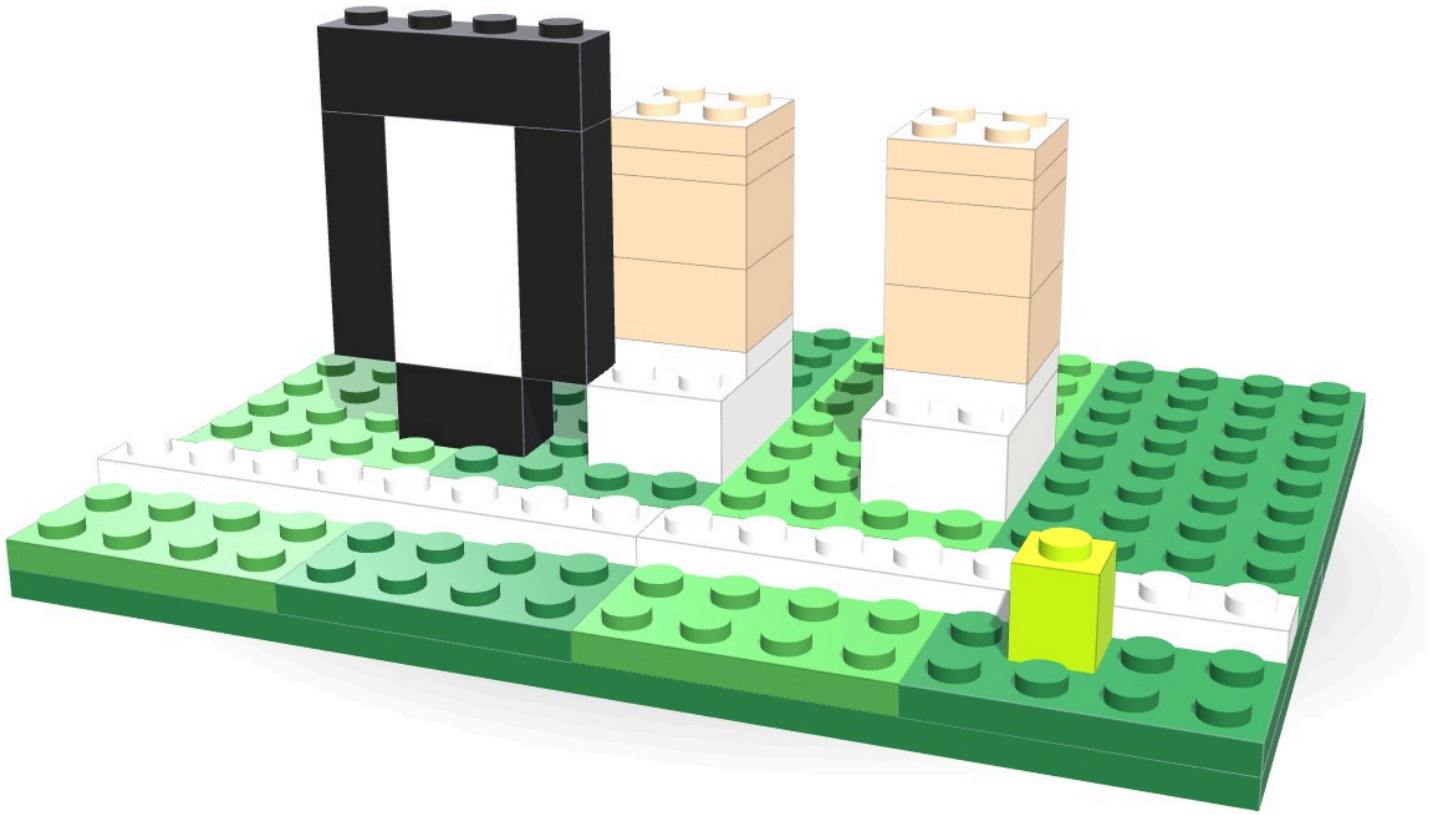

STEP

4

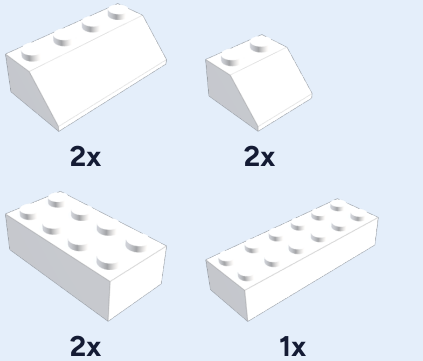

Racket head

Build the racket standing on its tip on the grass: a black 1×2 tip, then three rows of black frame sides with white strings between, and a black 1×4 across the top that holds the sides.

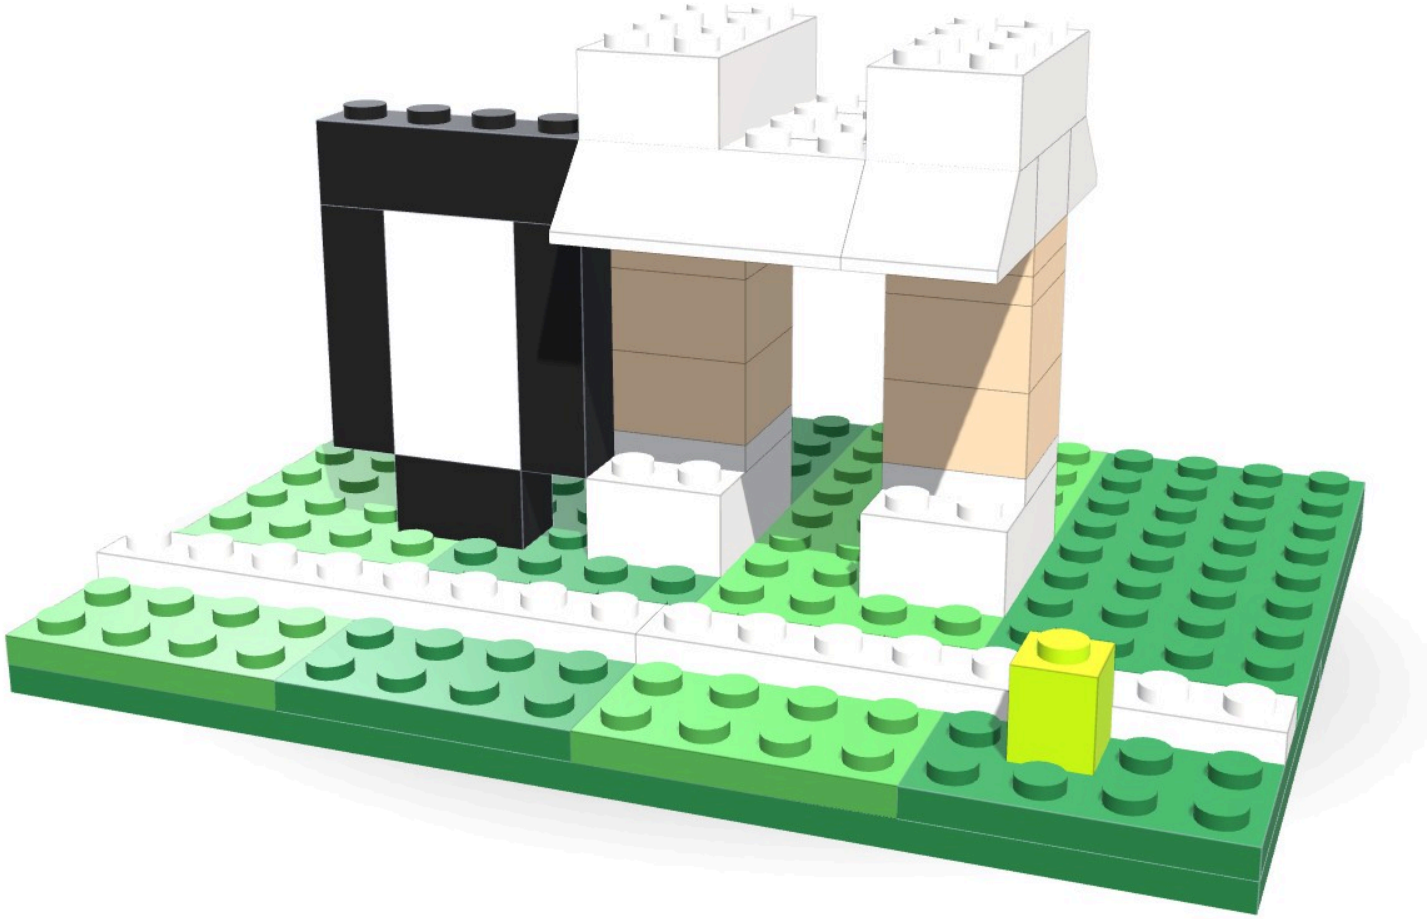

STEP

5

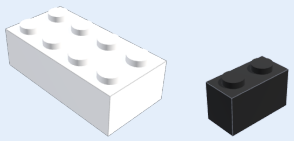

Skirt hem

A white 2×6 brick across both legs, with white slopes at the front and back so the hem flares.

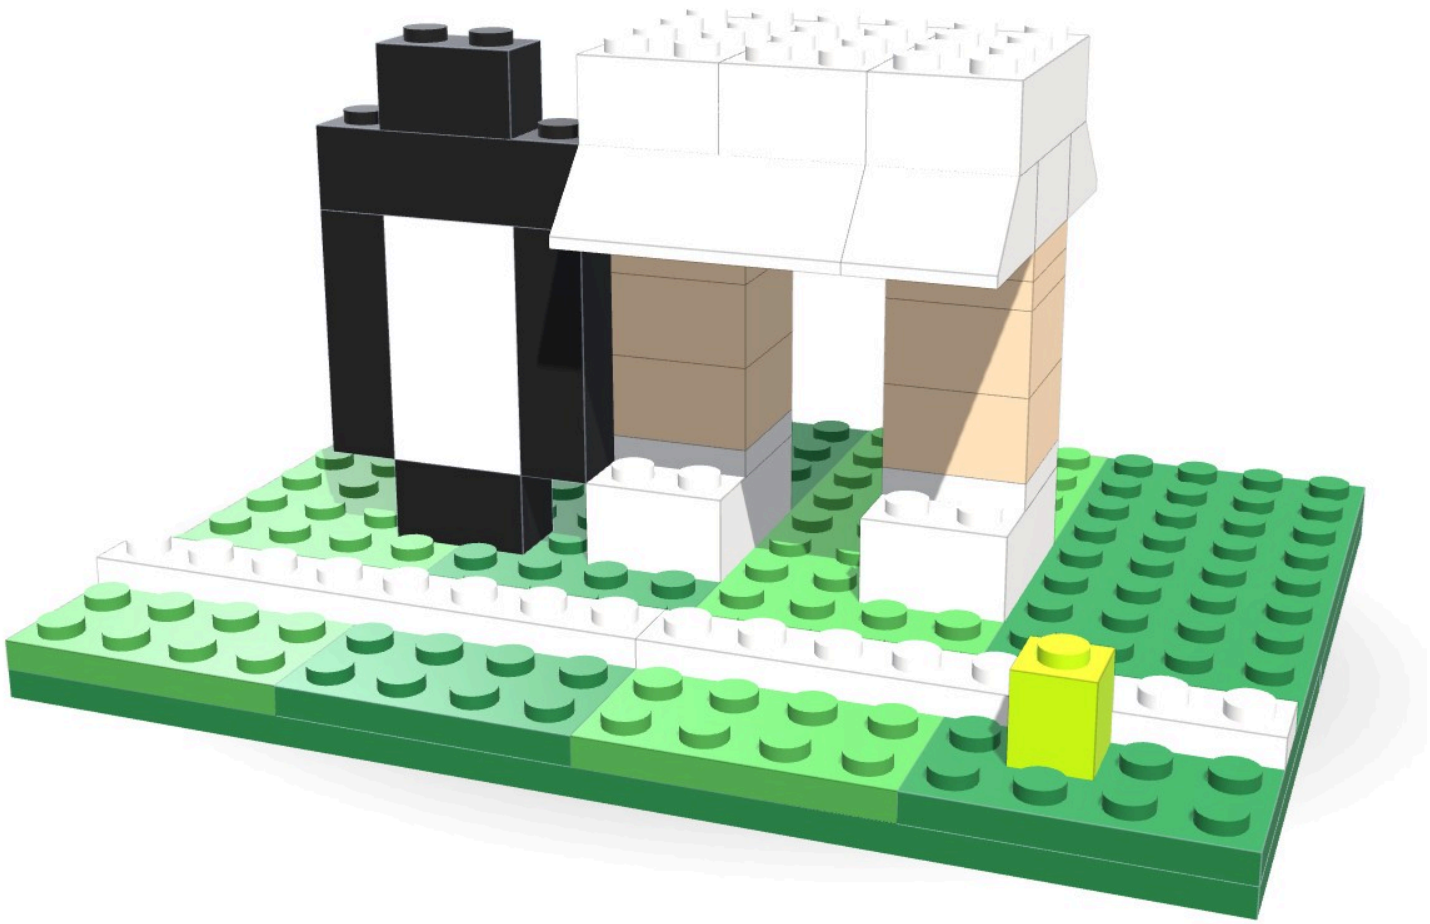

STEP

6

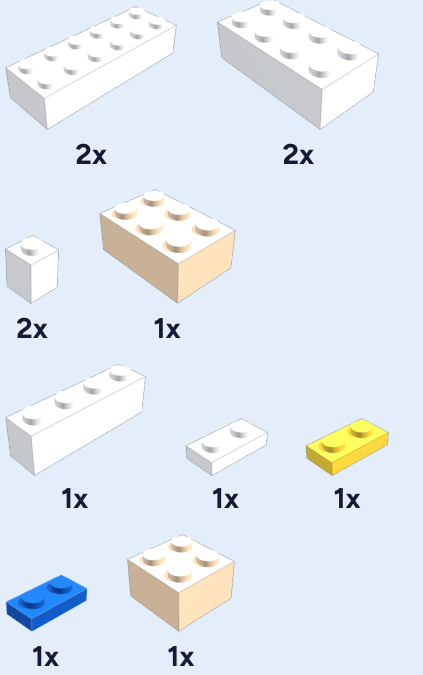

Skirt top and racket handle

Three white 2×4 bricks run front to back over the hem. A black 1×2 brick on top of the racket head is its throat and handle.

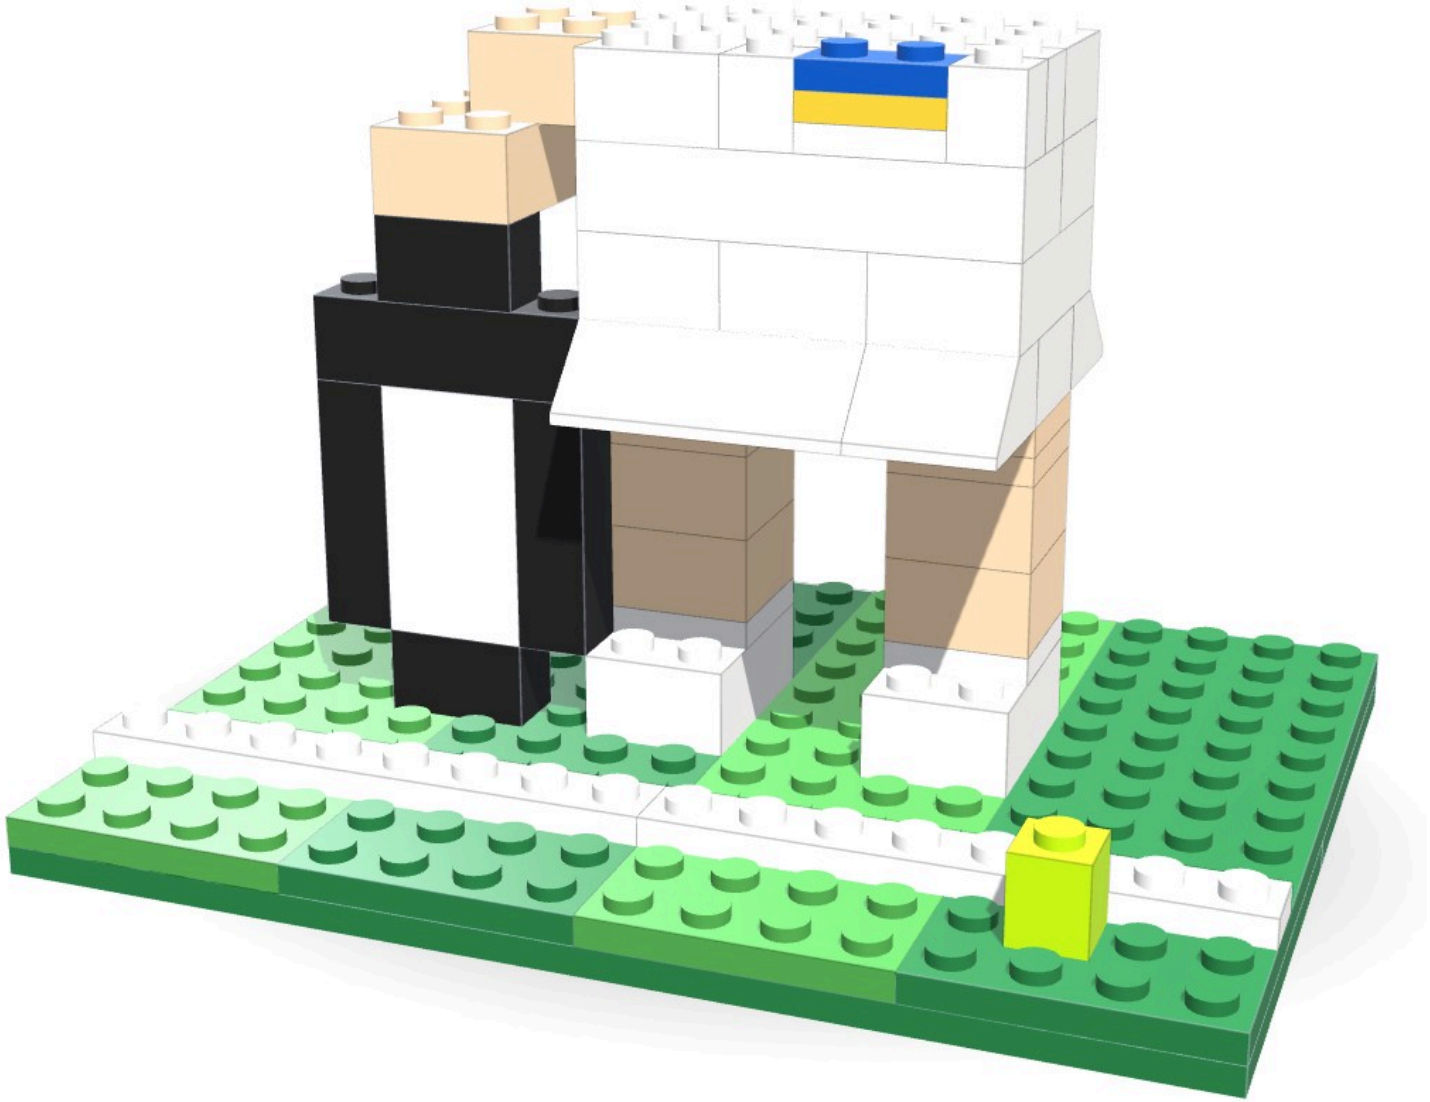

STEP

7

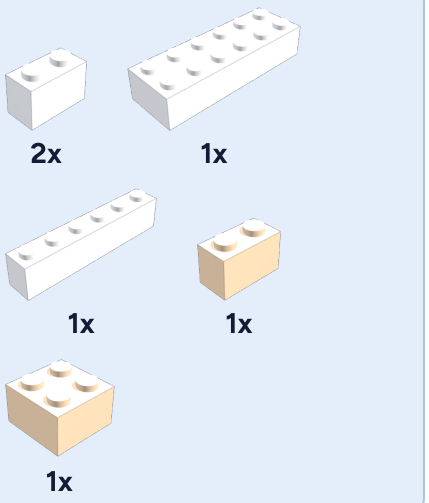

Tank top and ribbon

Two white layers for the tank top. On the left of her chest, stack a white, a yellow and a blue 1×2 plate: a small ribbon in Ukraine's colours. Her right hand, a light nougat 2×3 brick, closes over the racket handle.

STEP

8

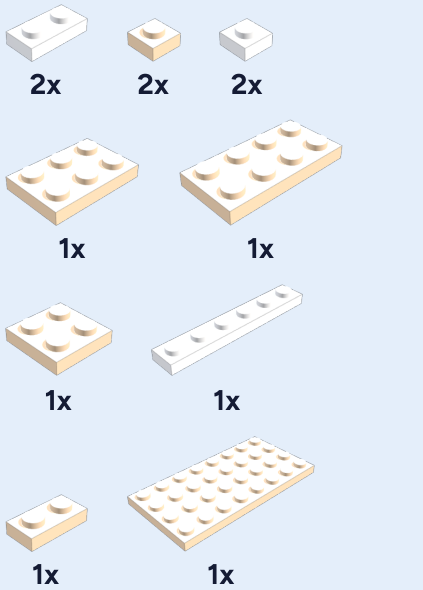

Neckline

The top layer of the tank top, with a light nougat 1×2 in the middle of the front for the scoop neckline, and the top of her right arm.

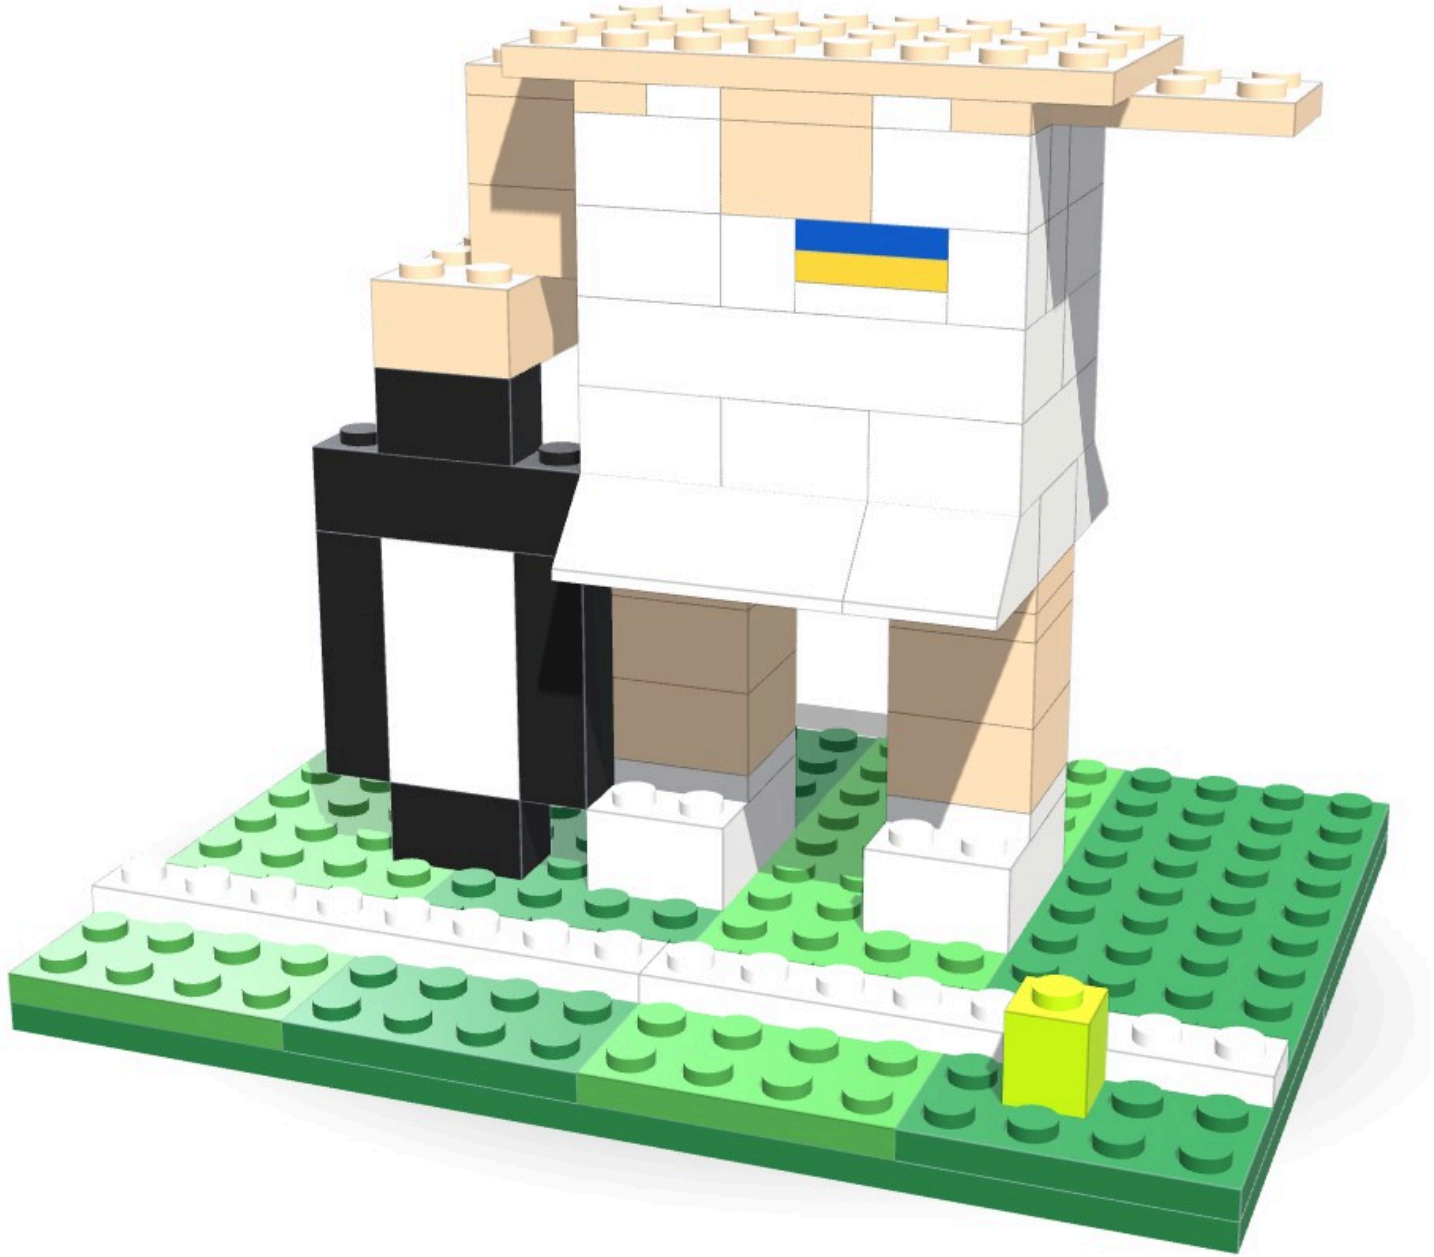

STEP

9

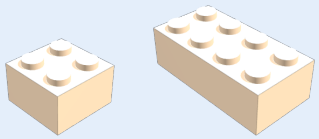

Shoulders and straps

Light nougat plates bridge from the arms onto the body, with white plates for the tank-top straps. A 4×8 plate on top ties both shoulders together.

Fist-pump arm

Build her left arm in your hand: the upper arm, the elbow turning forward, then the forearm rising past the shoulder to a white wristband and a clenched fist. Press it under the left shoulder plate.

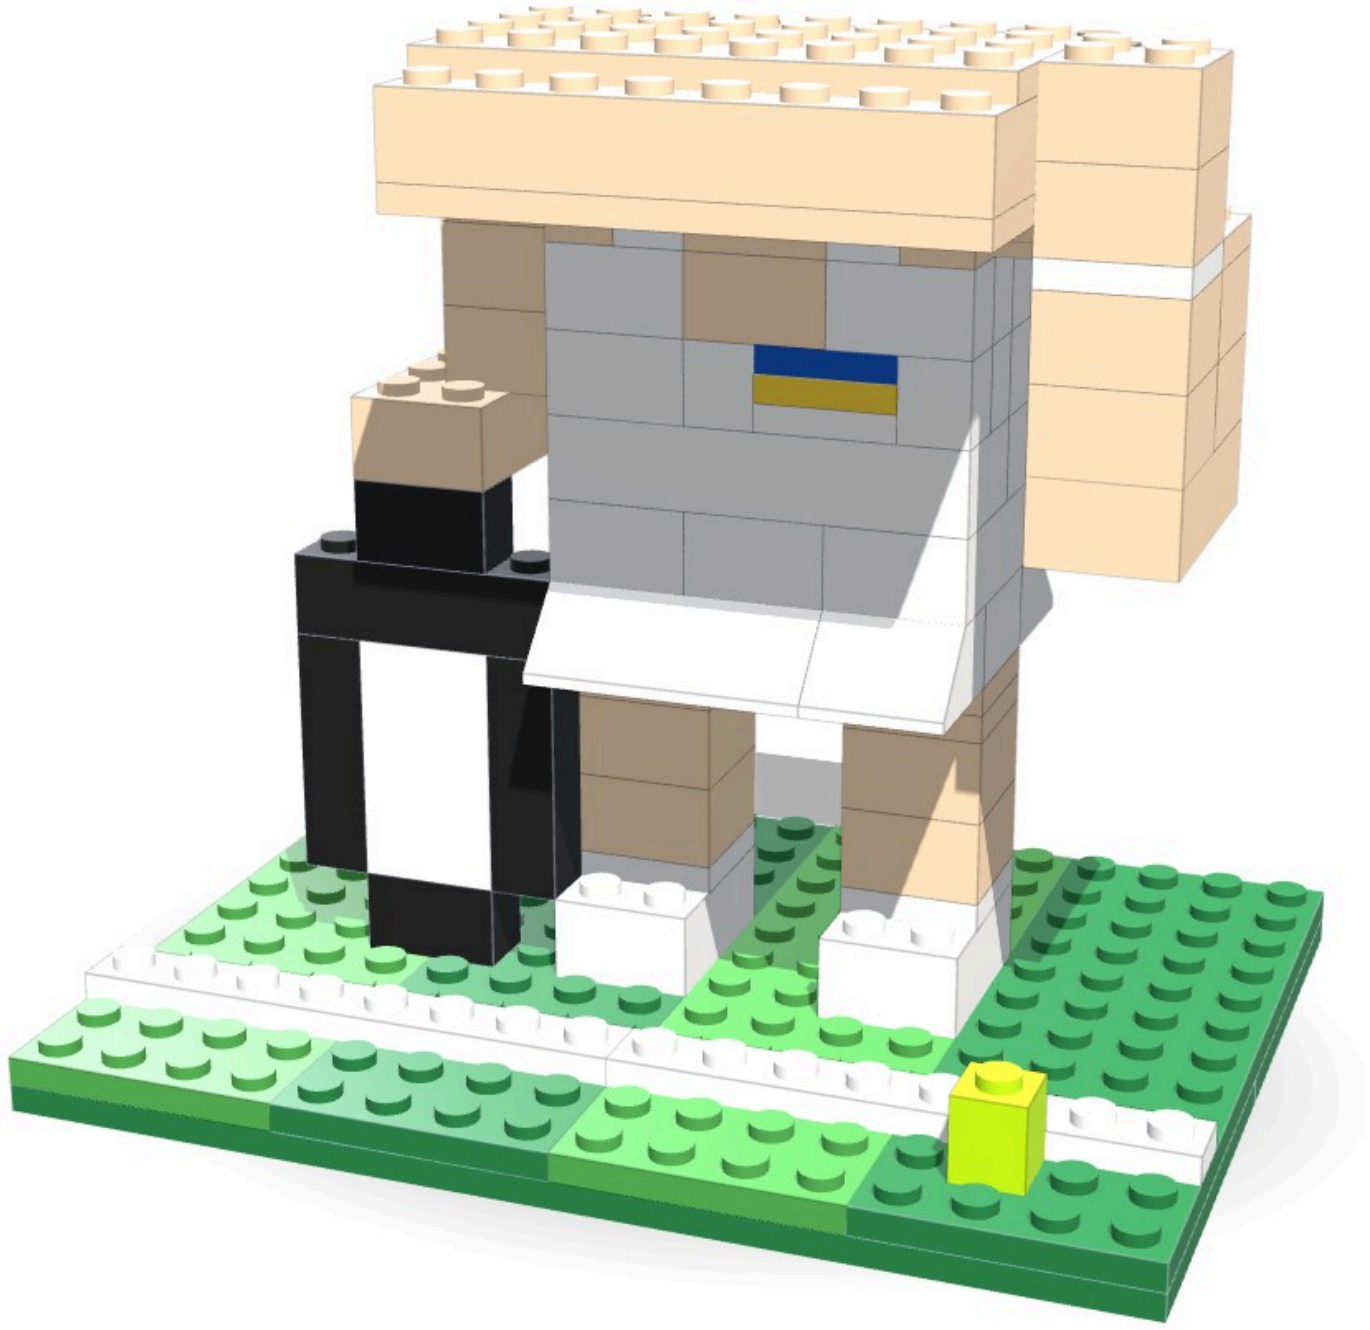

STEP

11

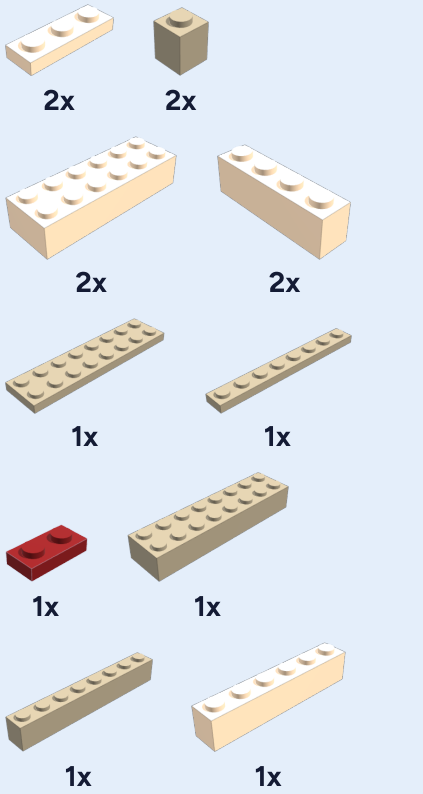

Head: jaw and chin

The bottom of the head: an 8×8 of plates, hair-coloured at the back where her hair comes down to the nape, then the chin layer.

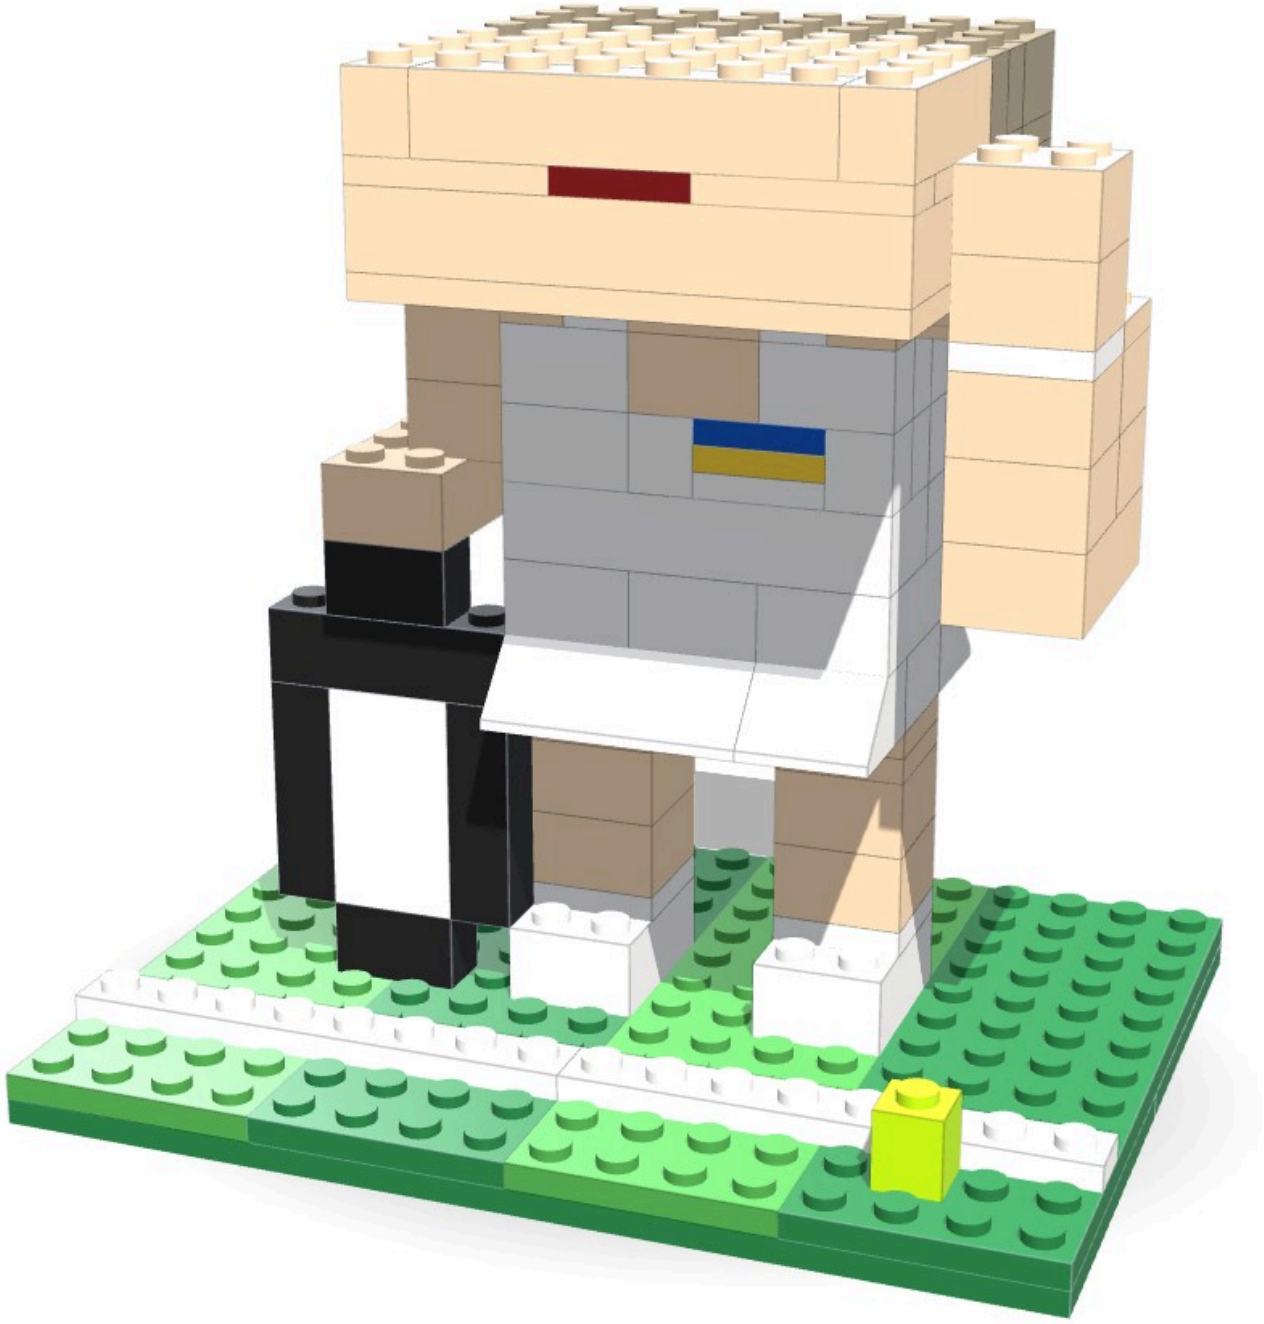

STEP

12

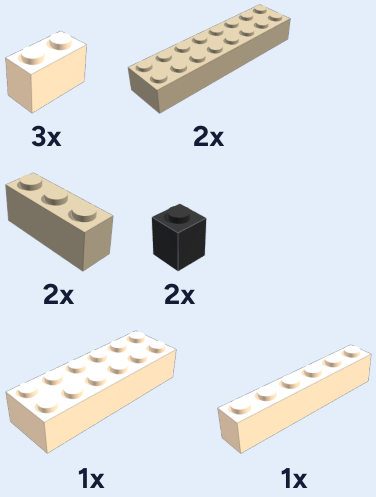

Head: smile and cheeks

A plate layer with a dark red 1×2 plate in the middle of the front for her smile, then the cheeks and ears; her hair is pulled back, so the ears show.

STEP

13

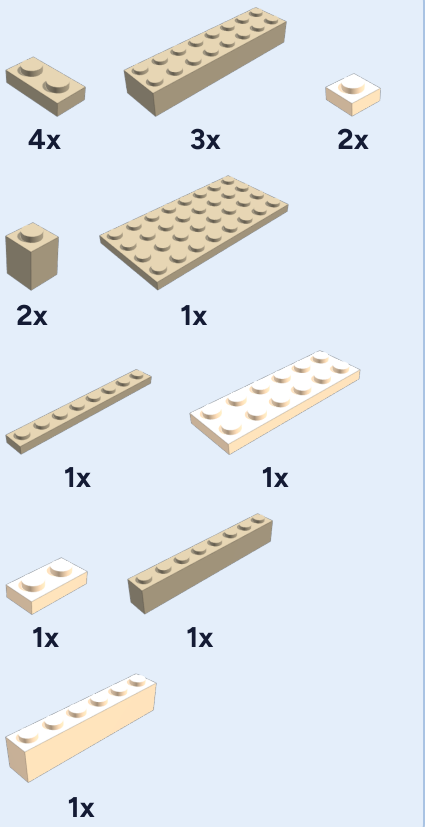

Head: eyes

Two black 1×1 bricks for the eyes, two studs apart, with hair over the temples.

STEP

14

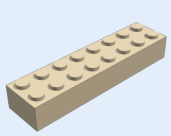

Head: brows and forehead

1×2 plates in the hair colour for the brows, then the forehead, framed by the hairline at the temples.

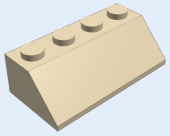

STEP

15

3x

2x

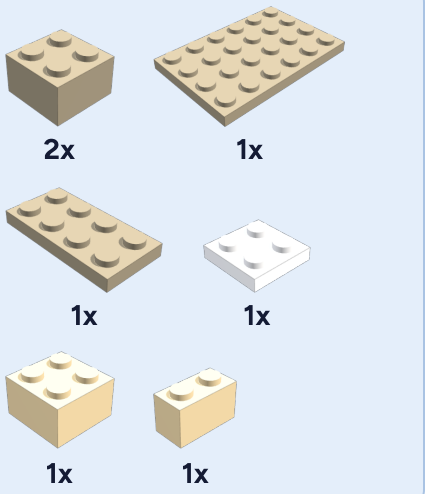

Hair

The top of her hair, with two 2×4 slopes along the front so the hairline rounds back from the forehead.

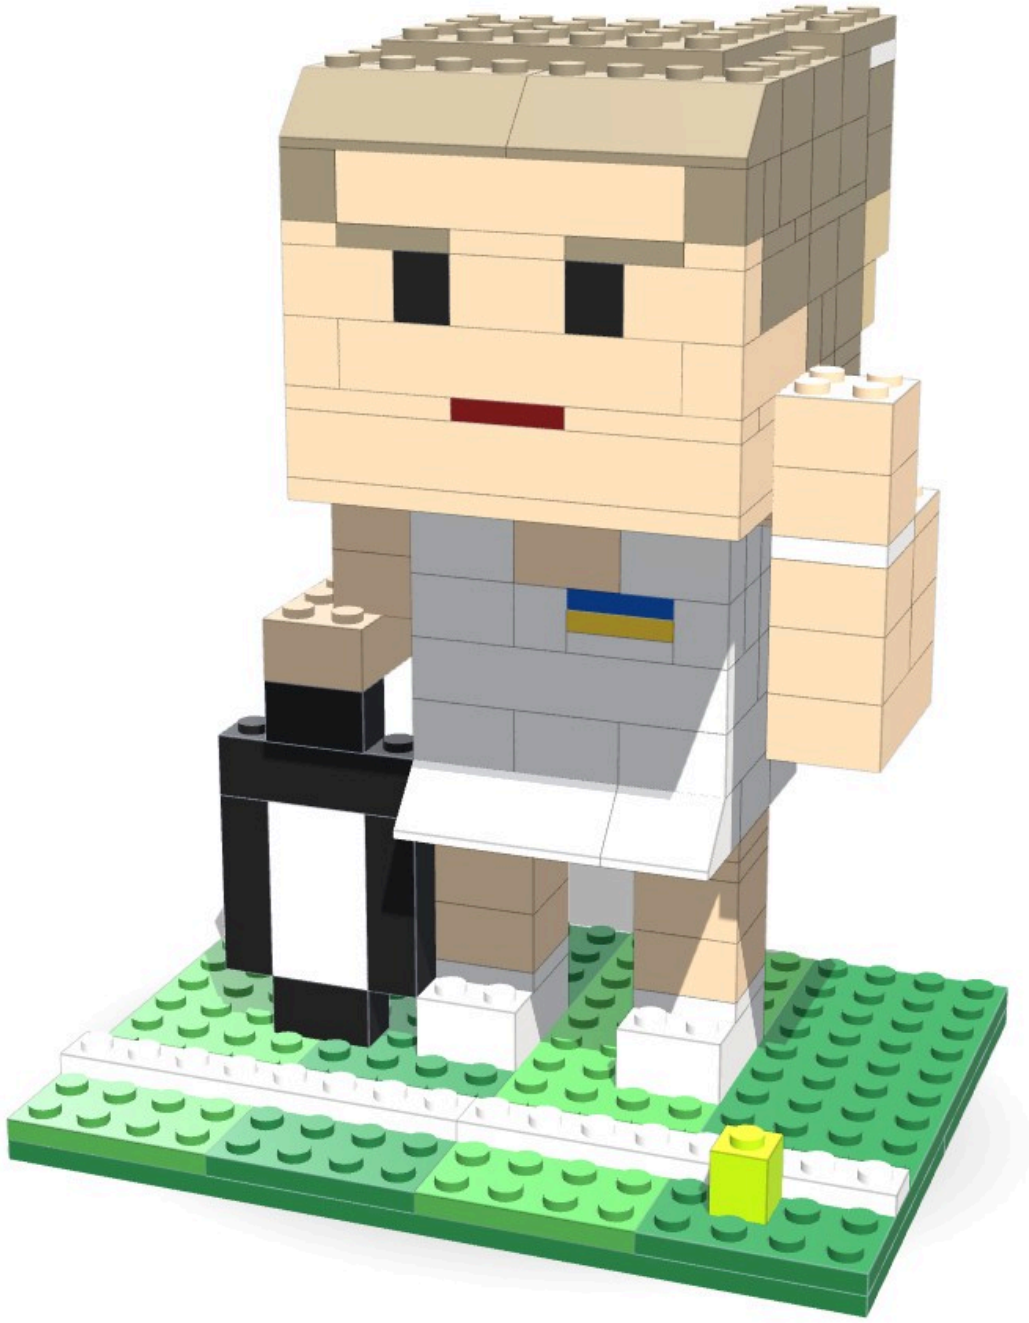

STEP

16

Ponytail

A 4×6 plate crowns the head and a 2×4 plate reaches back over the edge. Under its end hang the white hair tie and the ponytail, fading to tan at the ends.
