Mister Blocks

FREE LEGO BUILDING INSTRUCTIONS · PDF

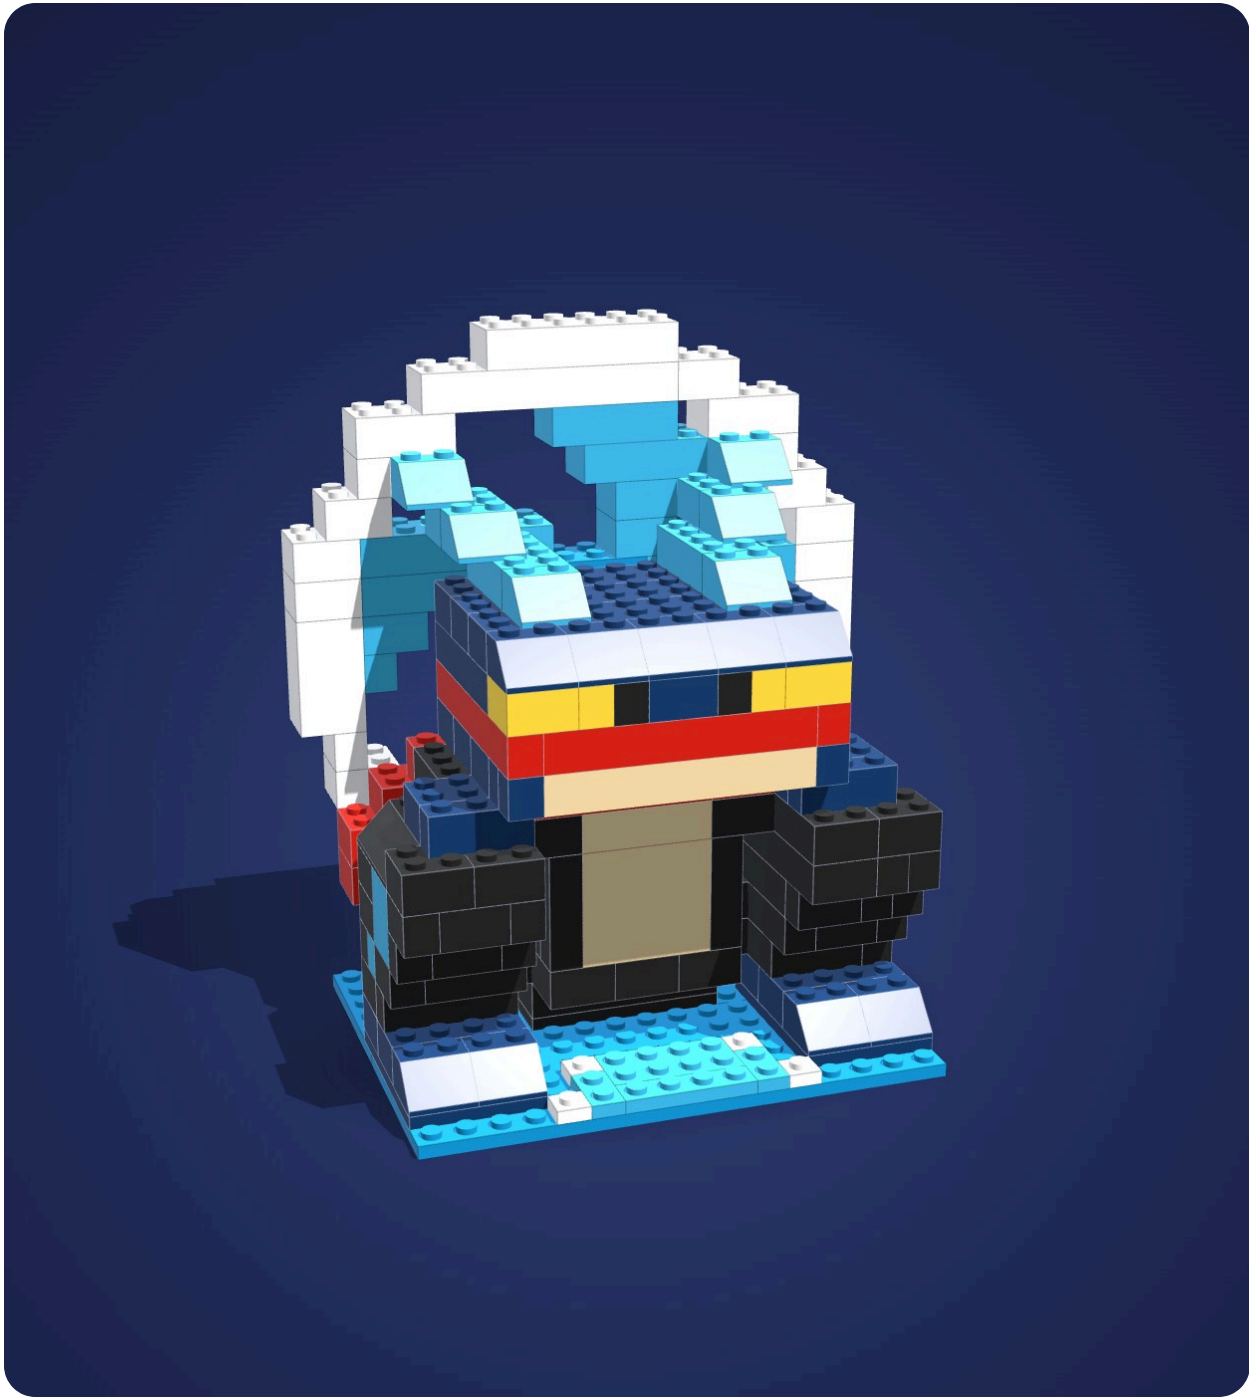

Mega Greninja

A chunky brick-built ninja frog, crouched on a splash pool with its giant water shuriken clipped to its back.

Free LEGO Mega Greninja instructions as a printable PDF: a fan-made LEGO MOC built from 205 standard LEGO pieces in 19 steps, with the pieces for every step and a full parts list.

Build it in 3D, step by step:

PIECES	STEPS	KINDS OF PIECE

An unofficial fan build. All standard pieces; any similar colour works. Every stud is checked. LEGO is a trademark of the LEGO Group, which does not sponsor this site.

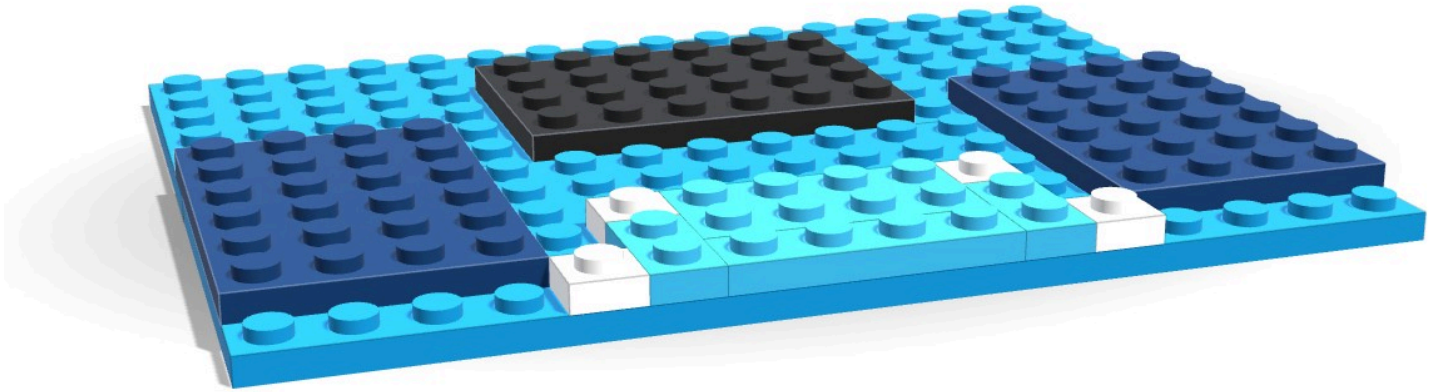

STEP

1

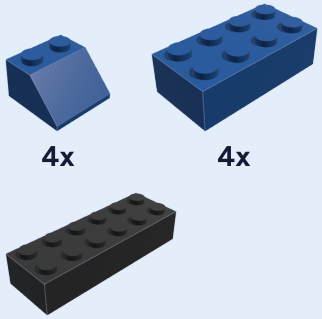

Splash pool

Two dark-azure 6×16 plates side by side, joined by the dark-blue feet plates; white and azure splash plates in front, and the black seat plate.

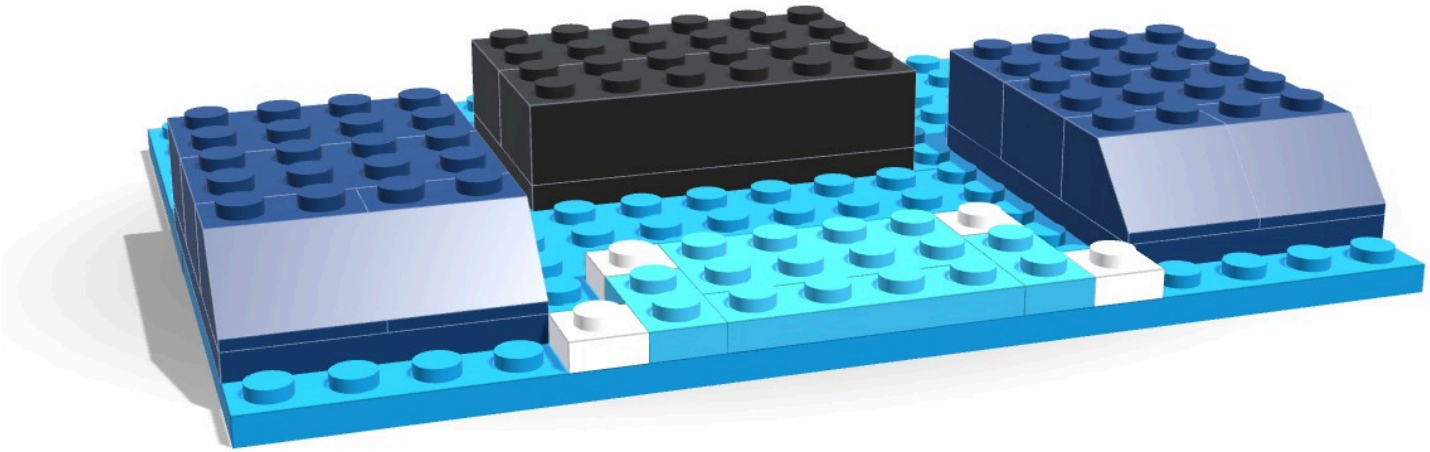

STEP

2

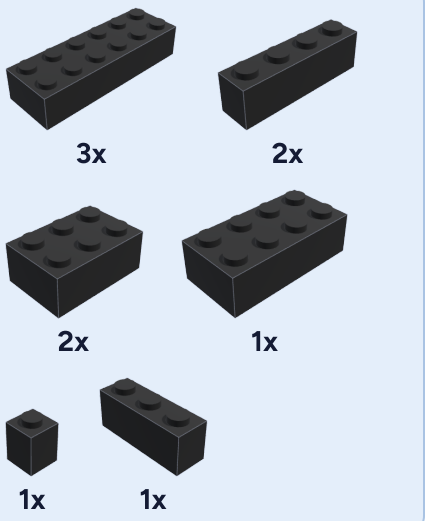

Webbed feet

Dark-blue feet with sloped toes, splayed wide like a frog, and the black seat between them.

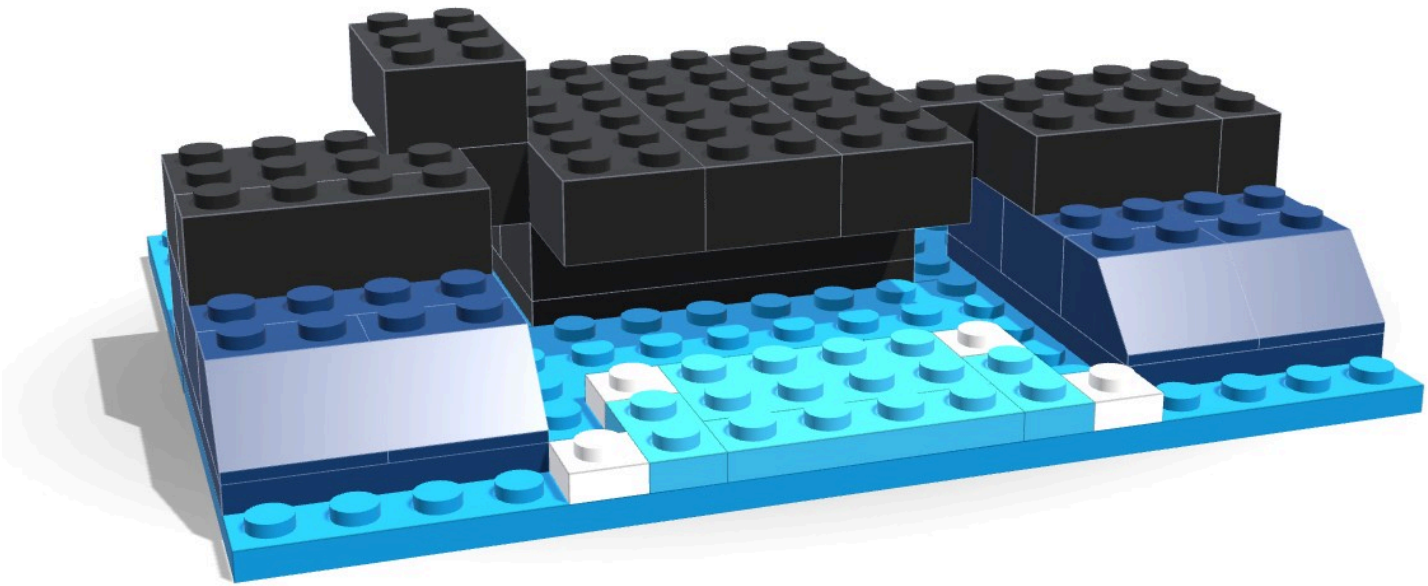

STEP

3

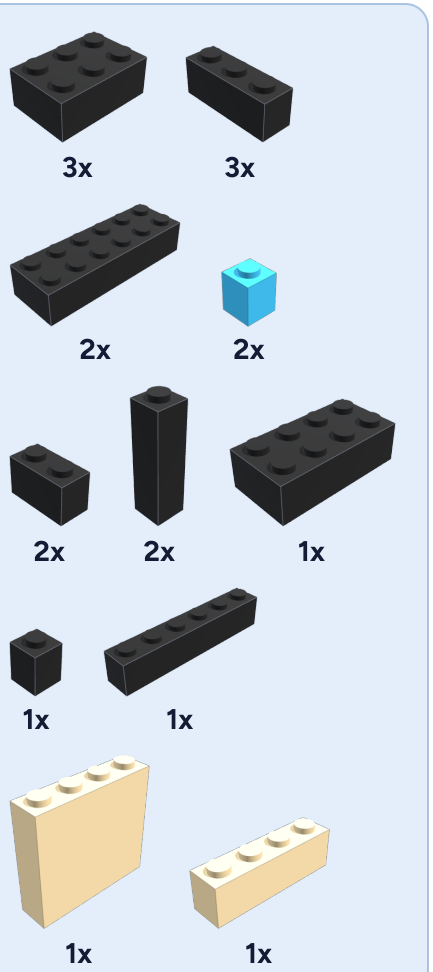

Shins and hips

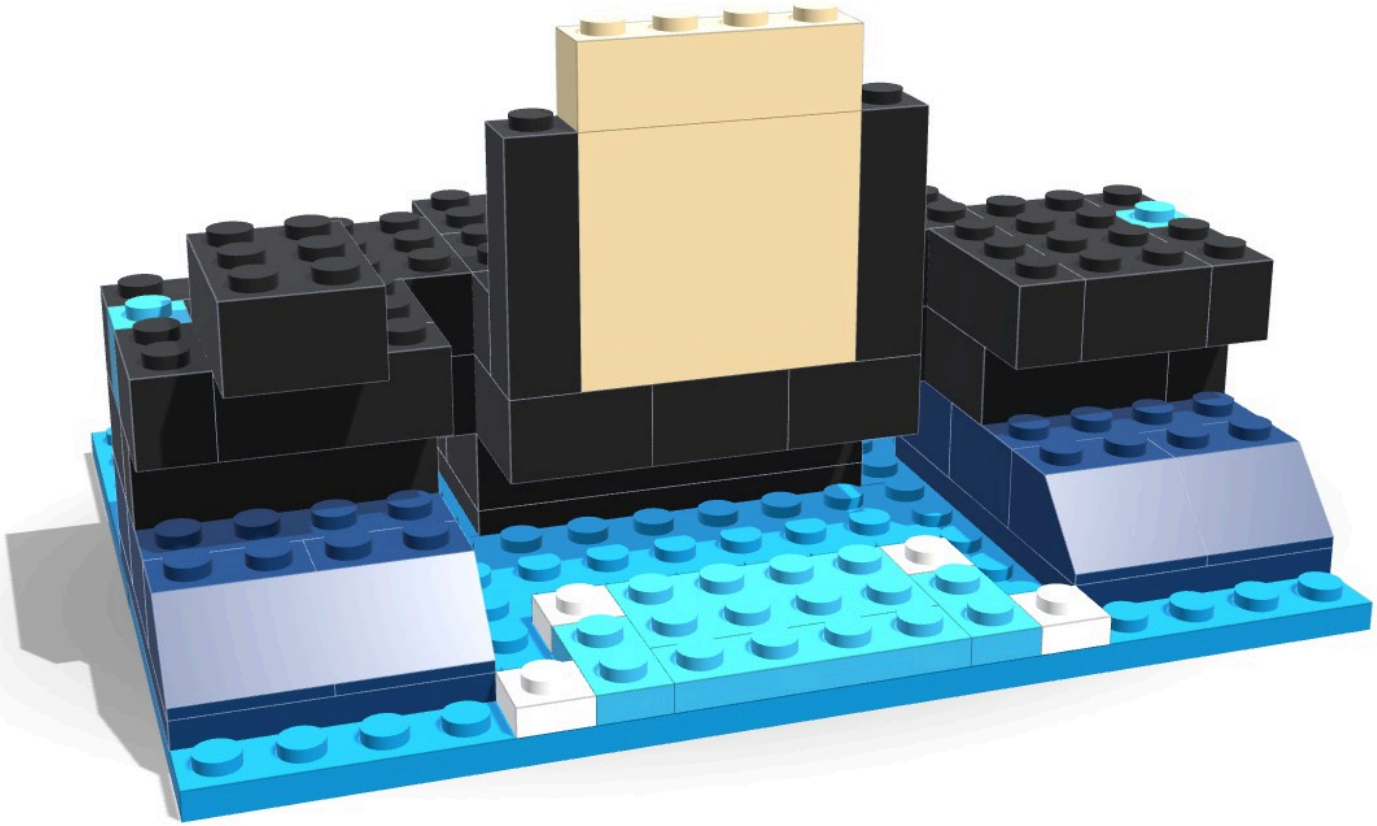

Black shins rise from the heels; the seat grows into the hips.

STEP

4

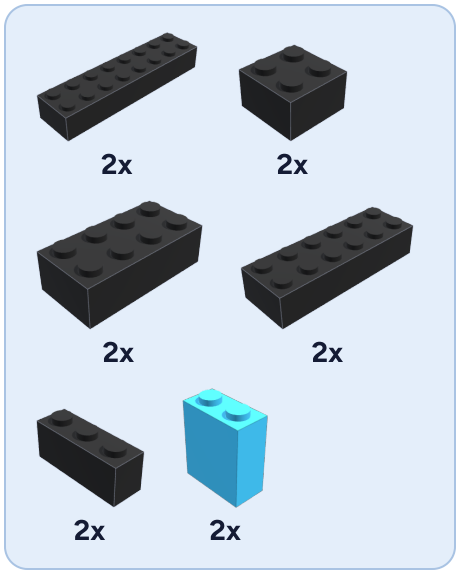

Thighs and belly

The thighs reach back to the hips, a light-blue mark on each calf; the tan chest starts at the front.

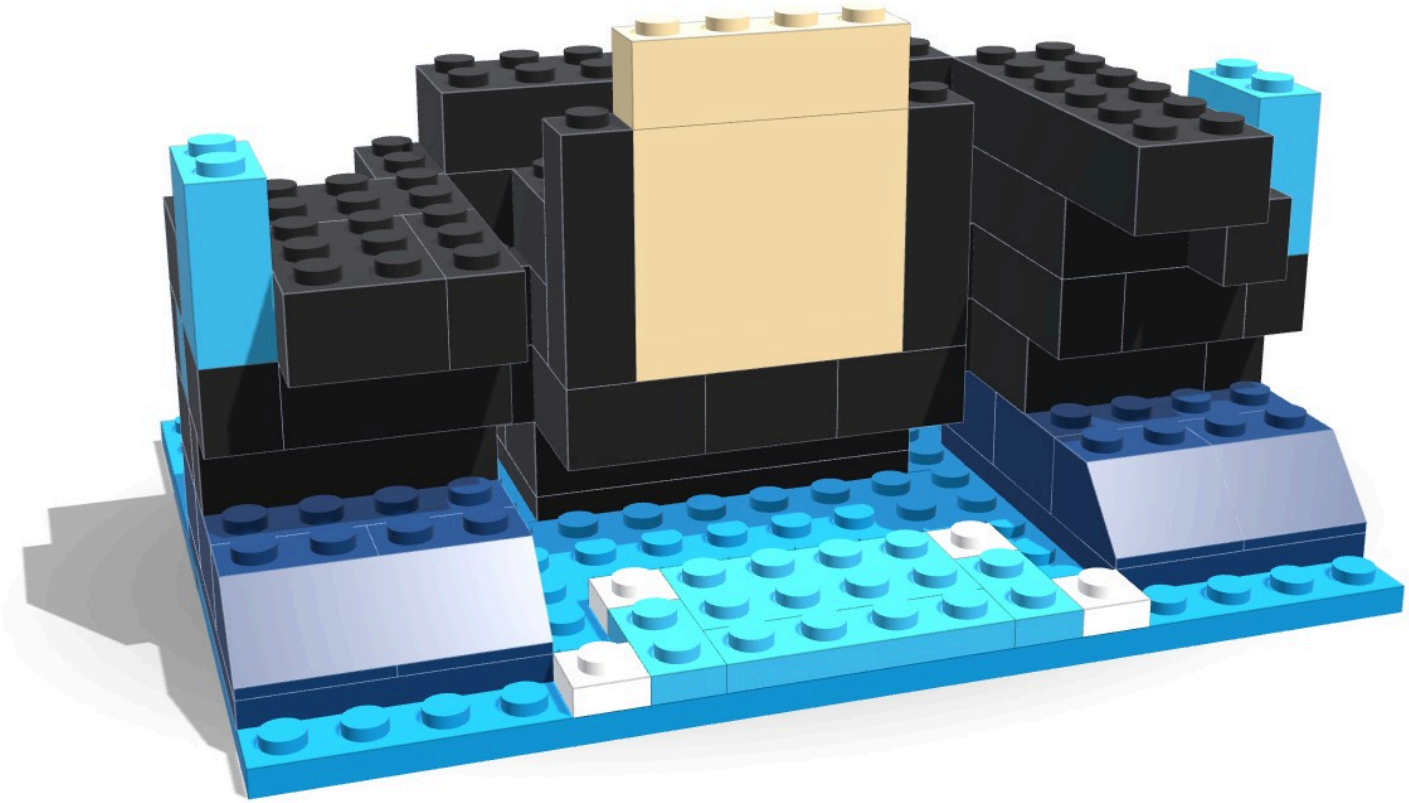

STEP

5

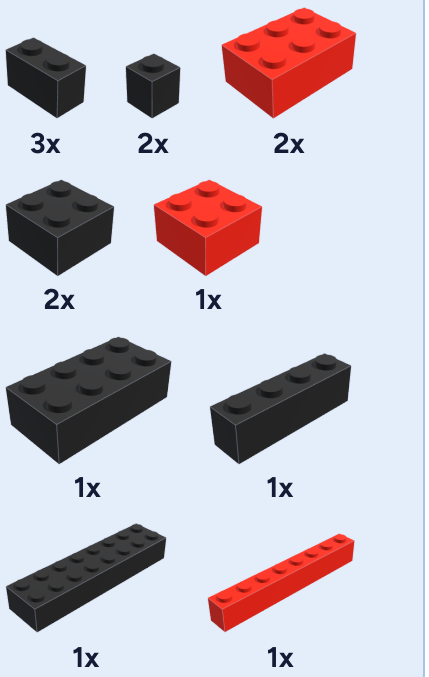

Knees (1/2)

The knees rise high and push forward, like a frog ready to jump, with light-blue marks on the outside.

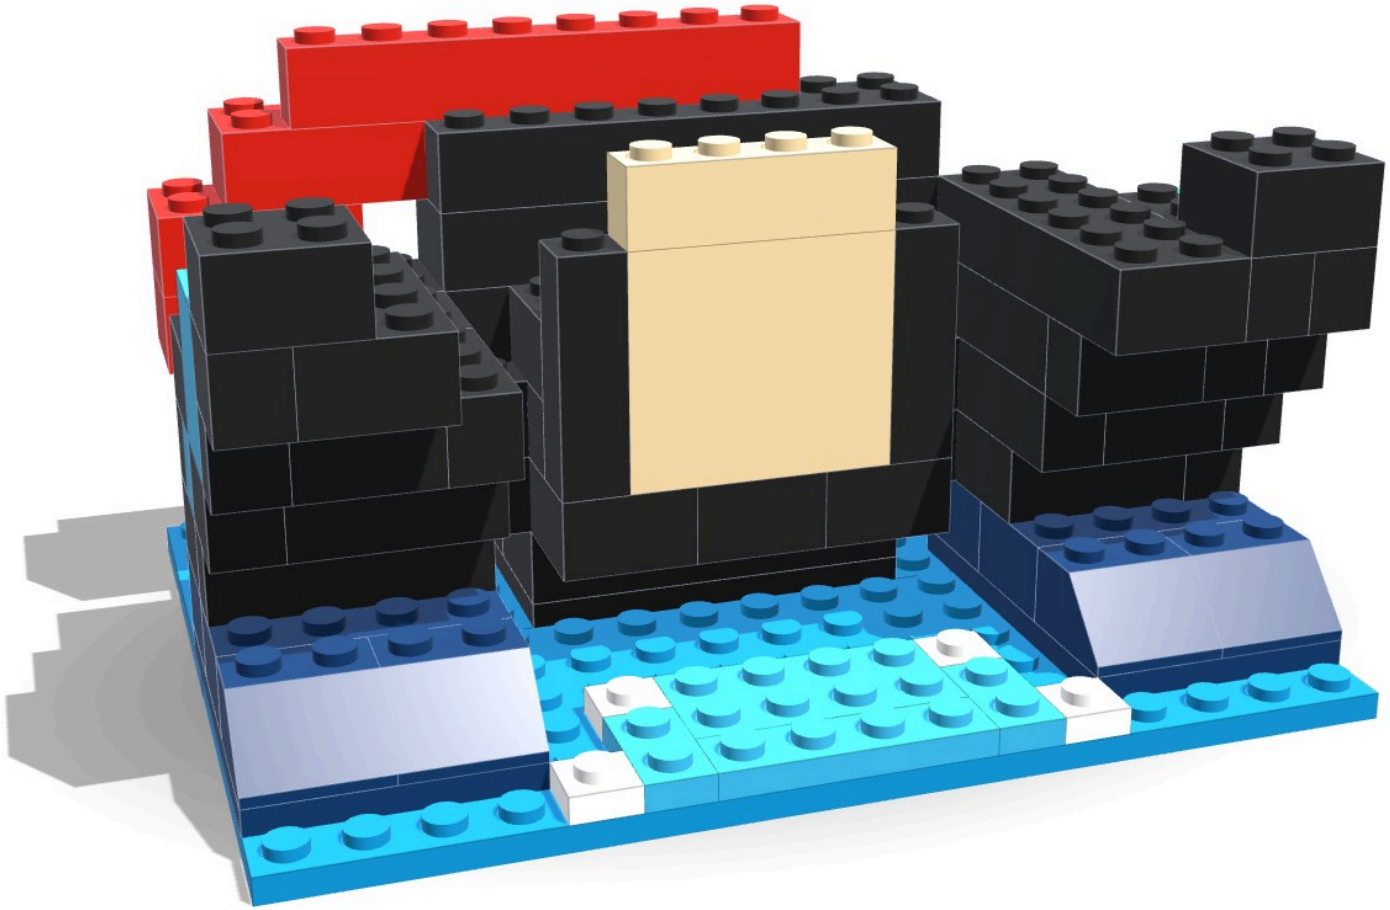

STEP

6

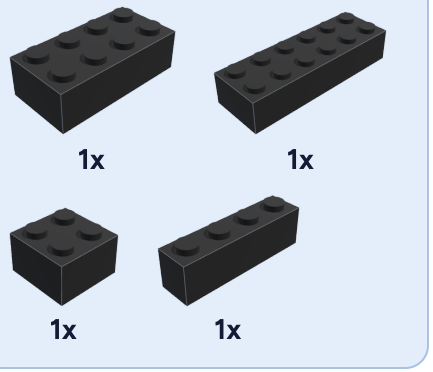

Knees (2/2)

More of the same: the knees rise high and push forward, like a frog ready to jump, with light-blue marks on the outside.

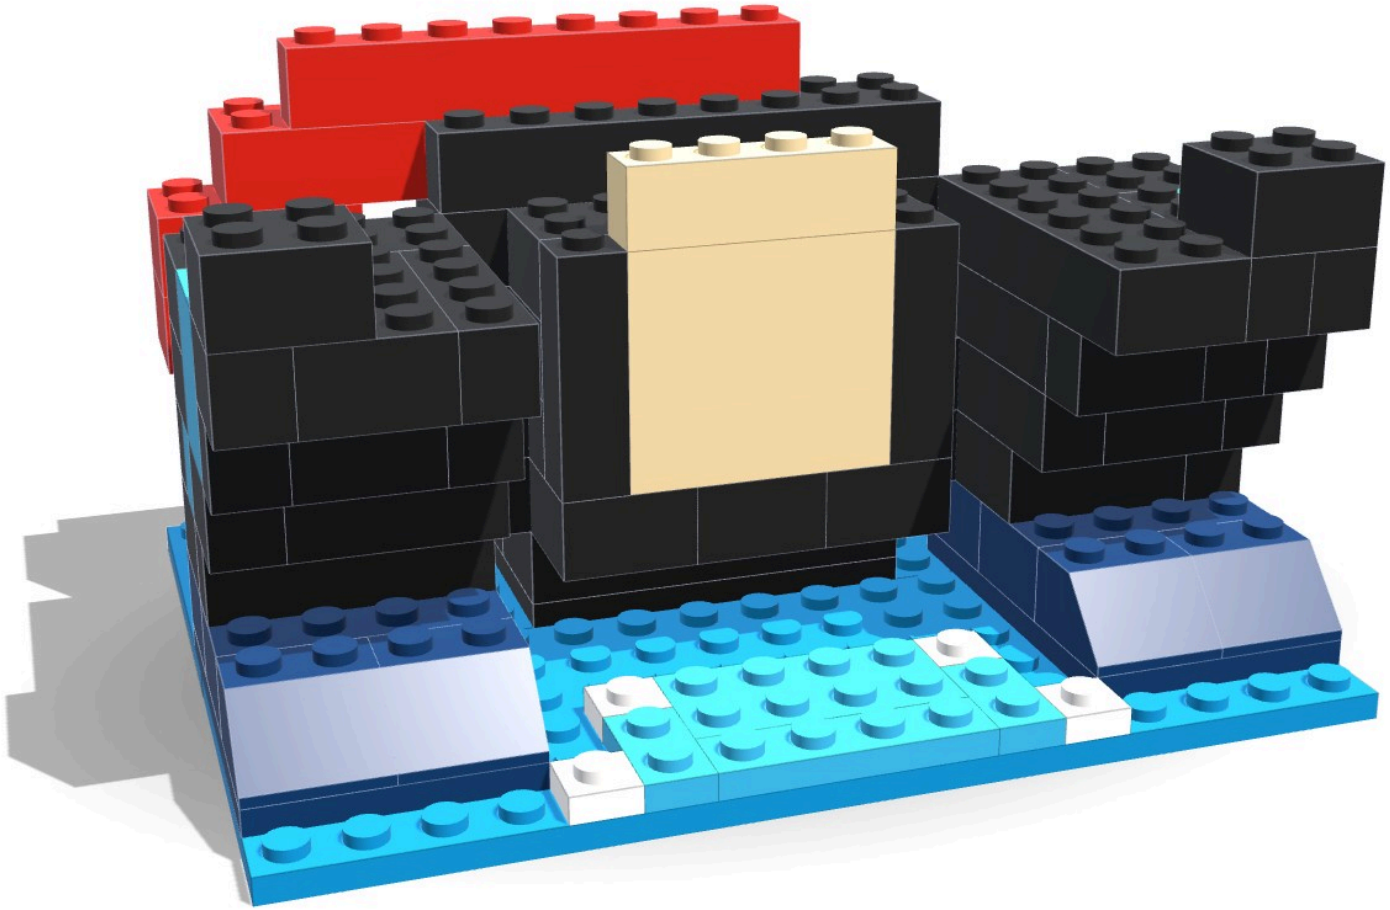

STEP

7

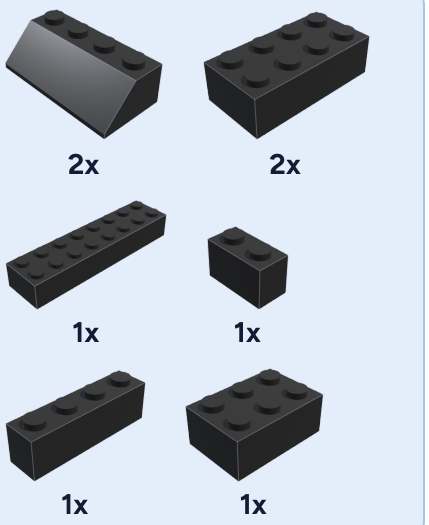

Knees out front

One more layer: the knees stick out over the toes.

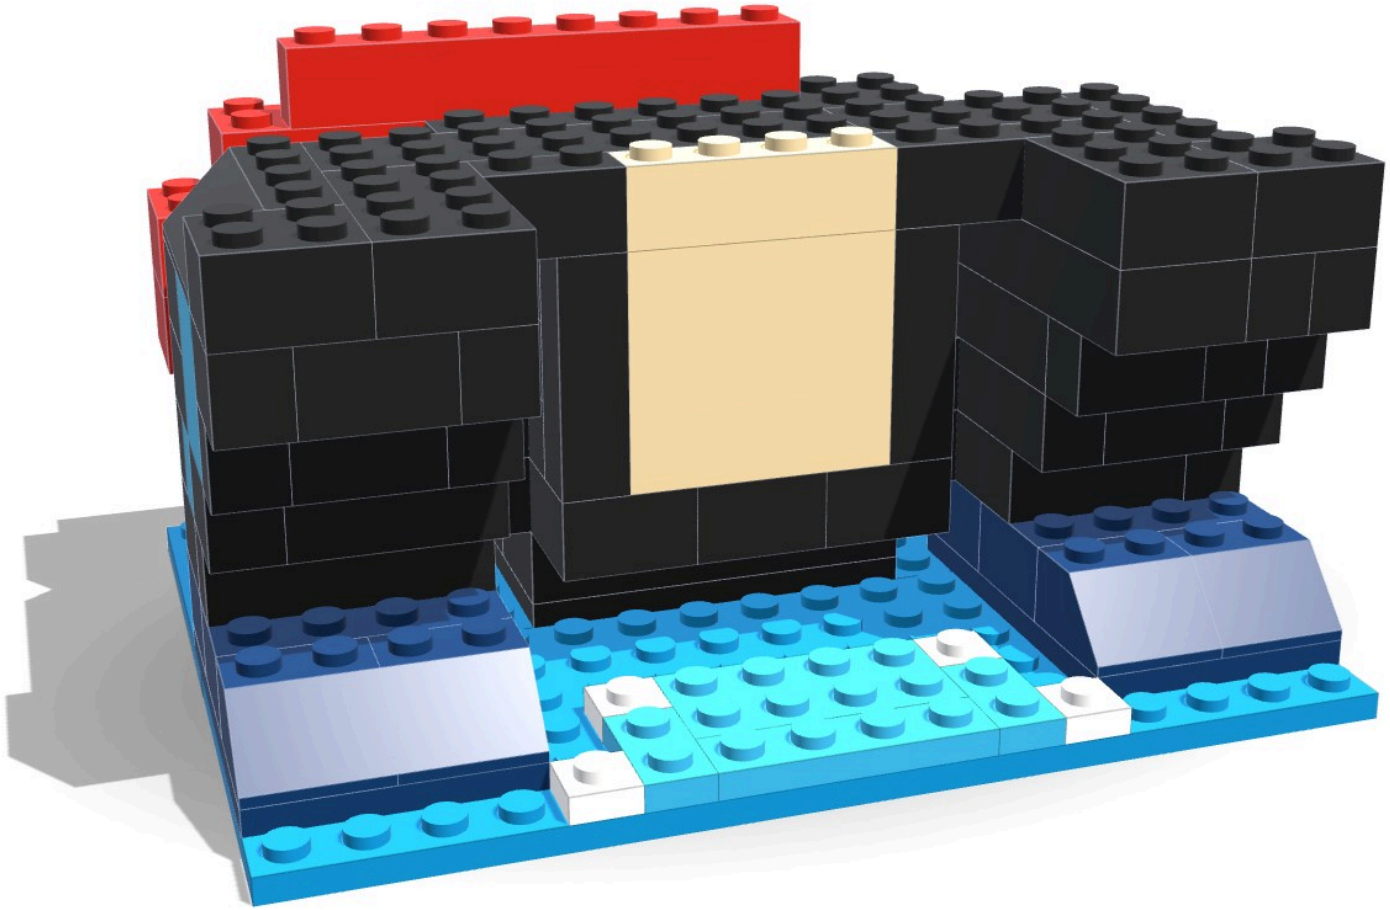

STEP

8

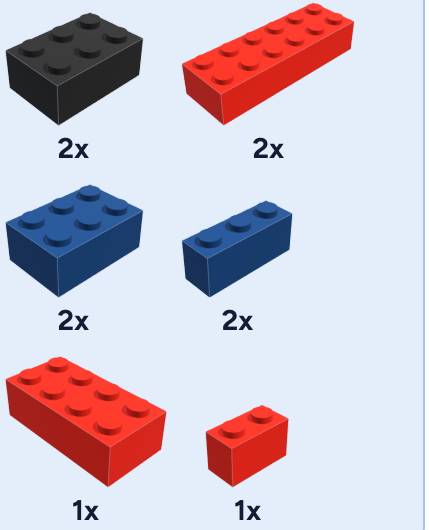

Knee tops and shoulders

Slopes round off the outside of each knee; the shoulders spread out.

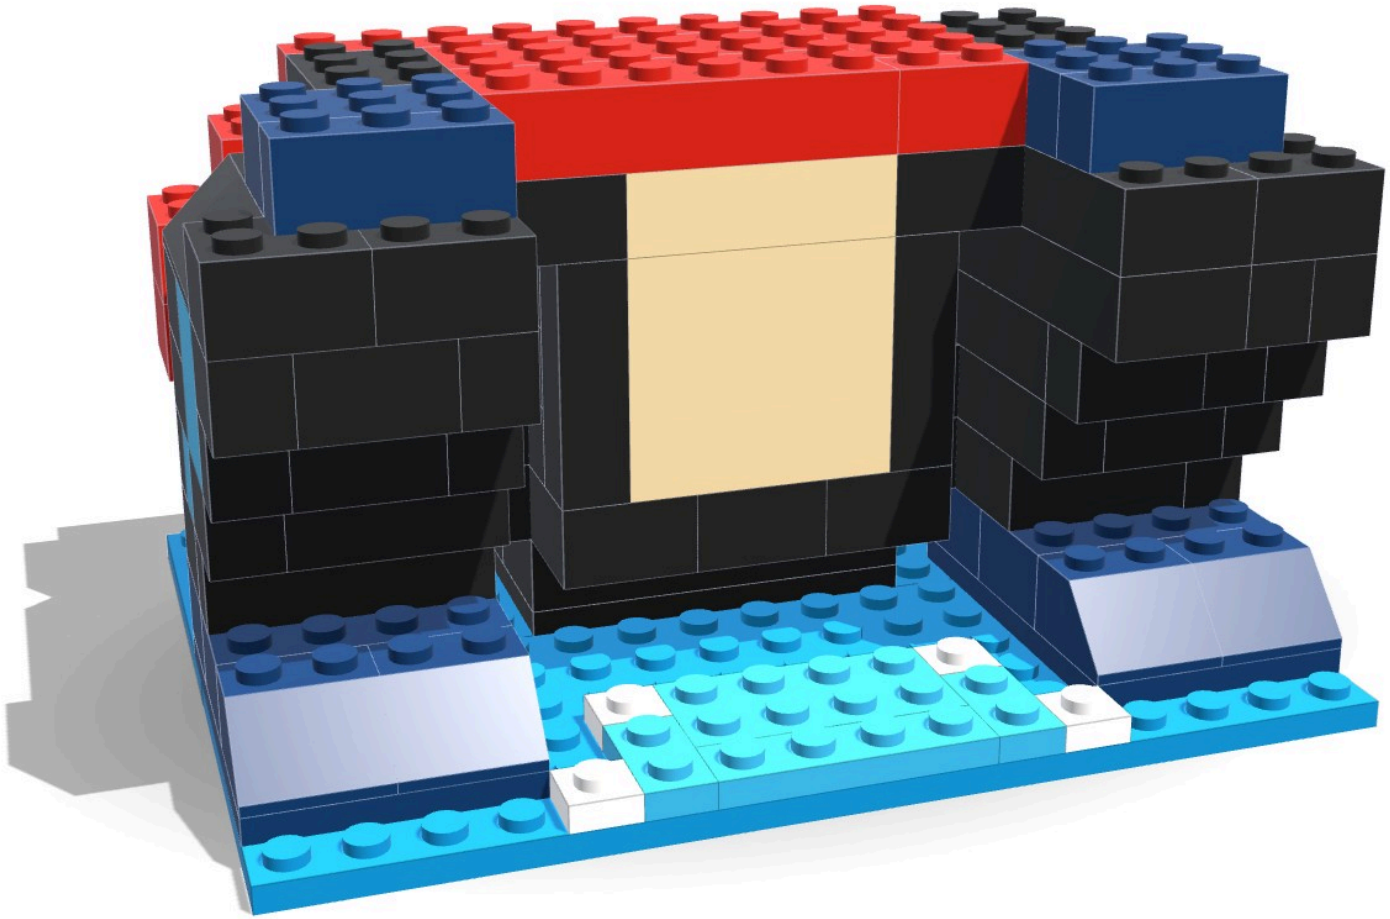

STEP

9

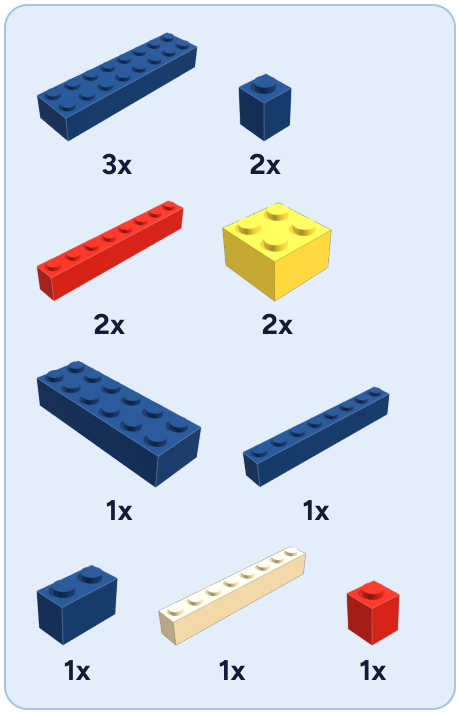

Tongue scarf and hands

The red tongue wraps round the neck like a scarf, its end hanging down the left side; black arms and dark-blue hands rest on the knees.

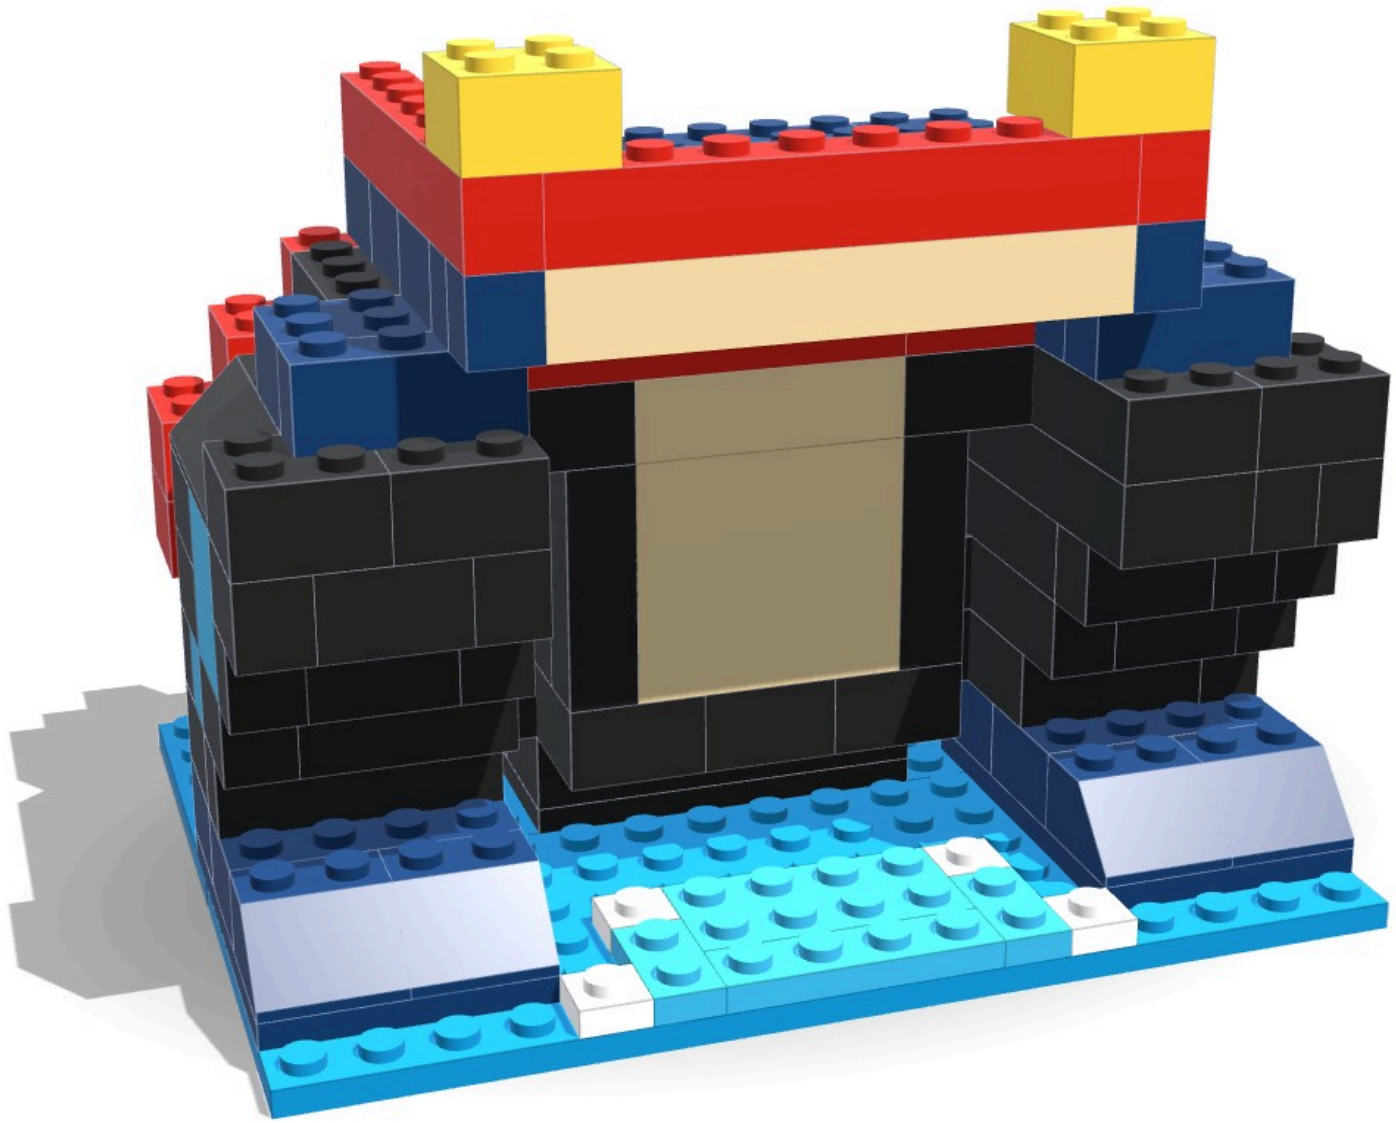

STEP

10

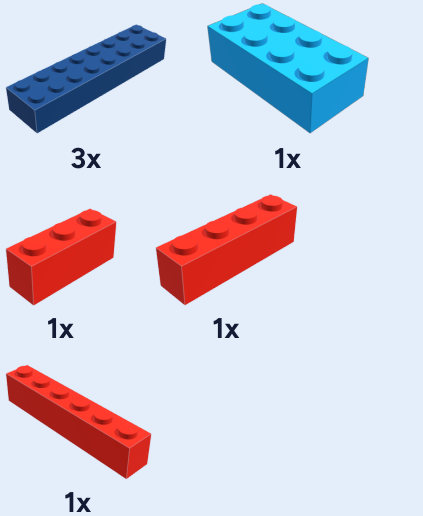

Head and jaw

A wide dark-blue head floor with the tan jaw at the front.

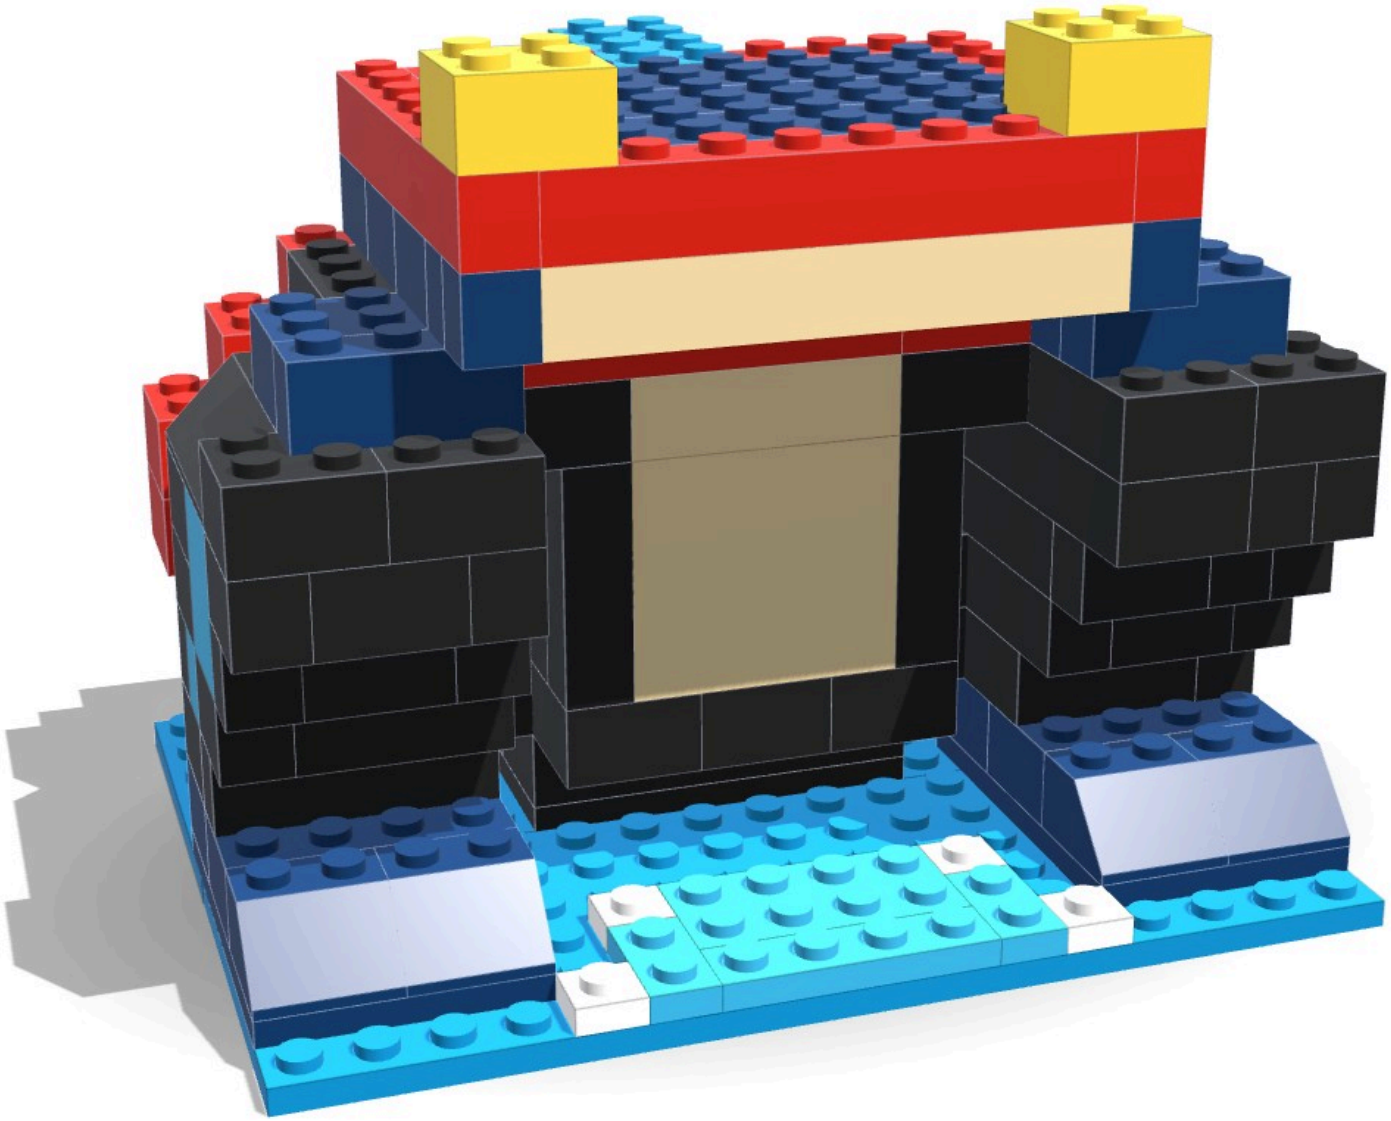

STEP

11

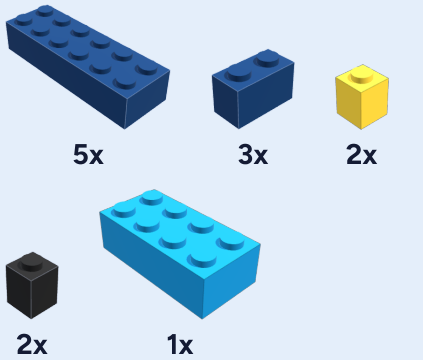

Tongue mask

The tongue wraps across the face too: a red ring all round the head. A dark-azure 2×4 brick sticks out at the back to hold the shuriken.

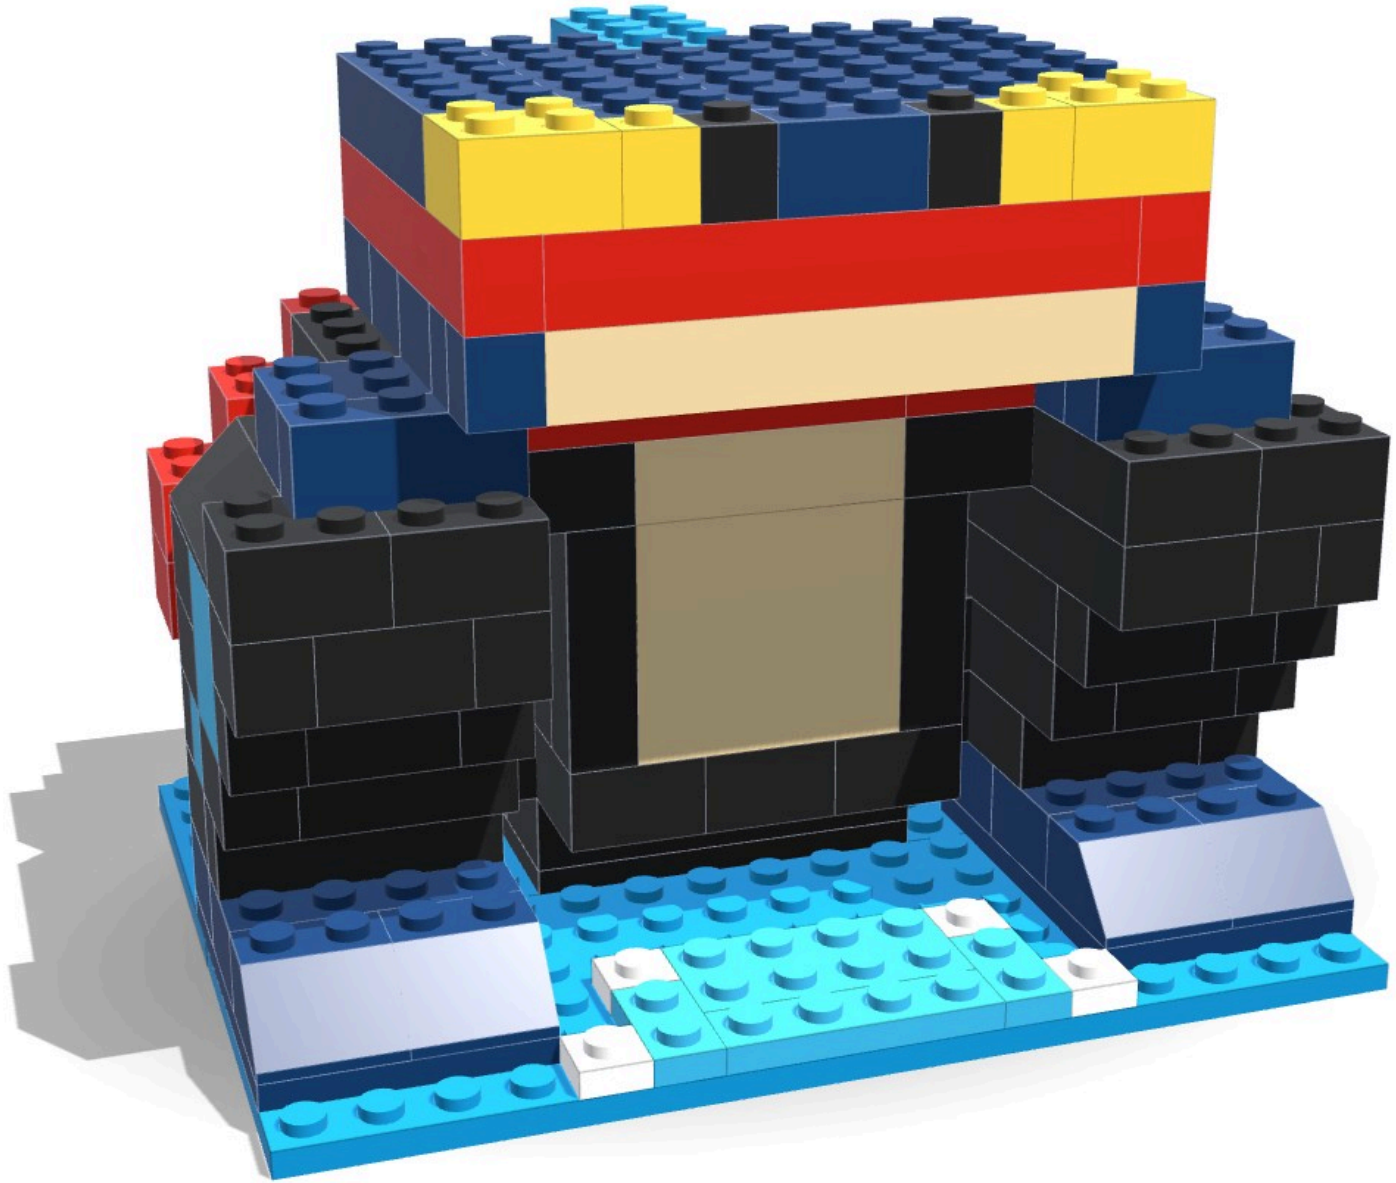

STEP

12

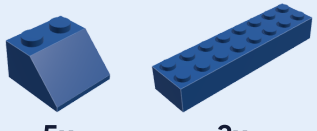

Eyes

Big yellow eyes at the front corners, black pupils looking in, and a second mount brick at the back.

STEP

13

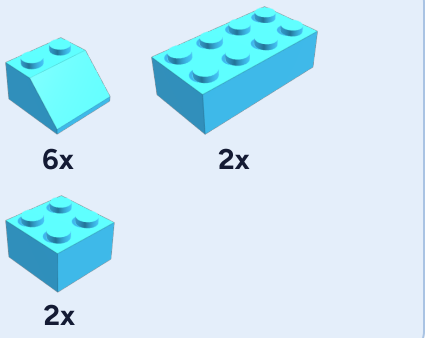

Frowning brow

Slopes over the eyes make the frown; the top of the head closes up.

STEP

14

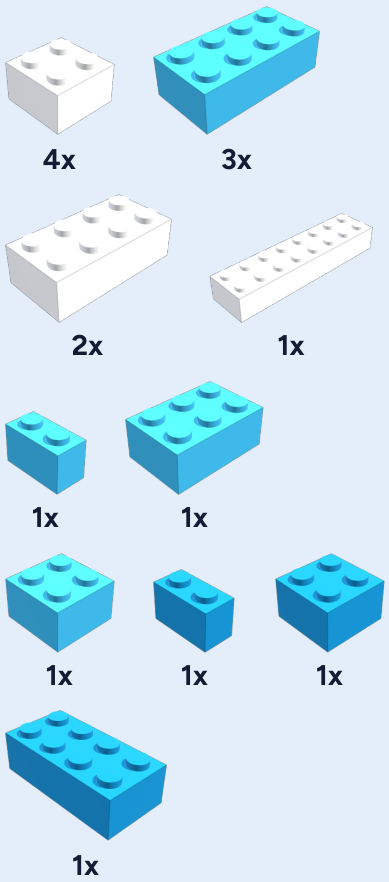

Crests

Two light-blue crests sweep back and out off the head, in three slopes each.

STEP

15

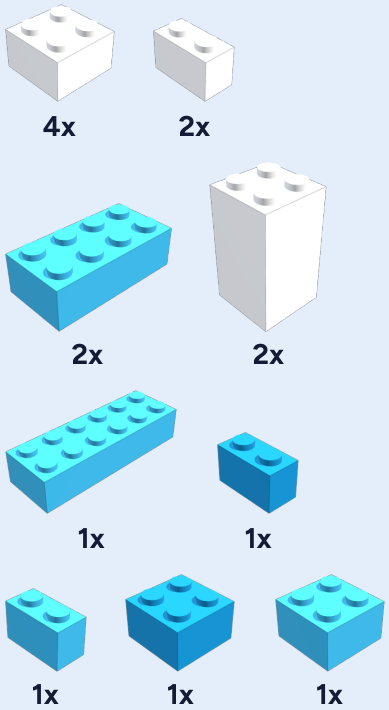

Water shuriken (1 of 4) (1/2)

The giant water shuriken on its back: white rim, curved azure blades and a dark-azure hub, built row by row onto the mount bricks.

STEP

16

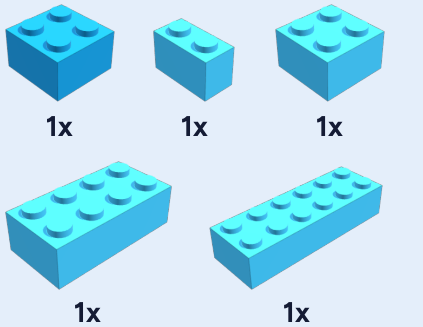

Water shuriken (1 of 4) (2/2)

More of the same: the giant water shuriken on its back: white rim, curved azure blades and a dark-azure hub, built row by row onto the mount bricks.

STEP

17

Water shuriken (2 of 4)

Keep going round the shuriken: rim, blades and hub.

STEP

18

3x

Water shuriken (3 of 4)

Keep going round the shuriken: rim, blades and hub.

STEP

19

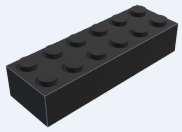

Water shuriken (4 of 4)

Close the white rim. It can come off its mount bricks and go back on.
