STEP

1

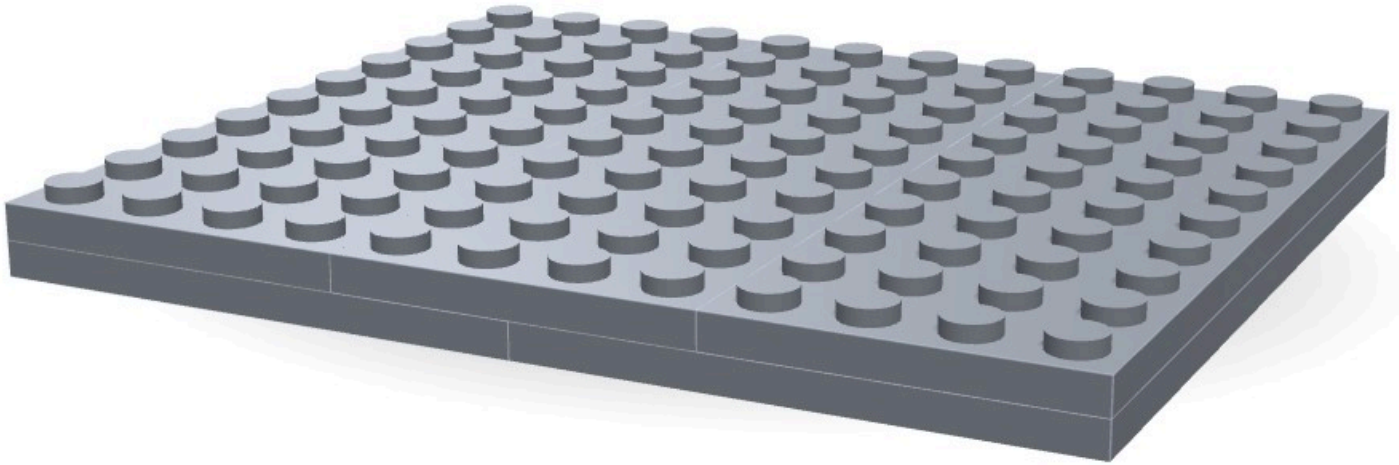

3x

2x

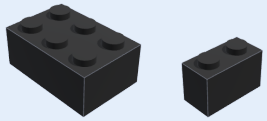

Base

Two dark bluish gray 6×10 plates side by side, then three 4×10 plates on top across the seam.

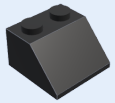

STEP

2

2x

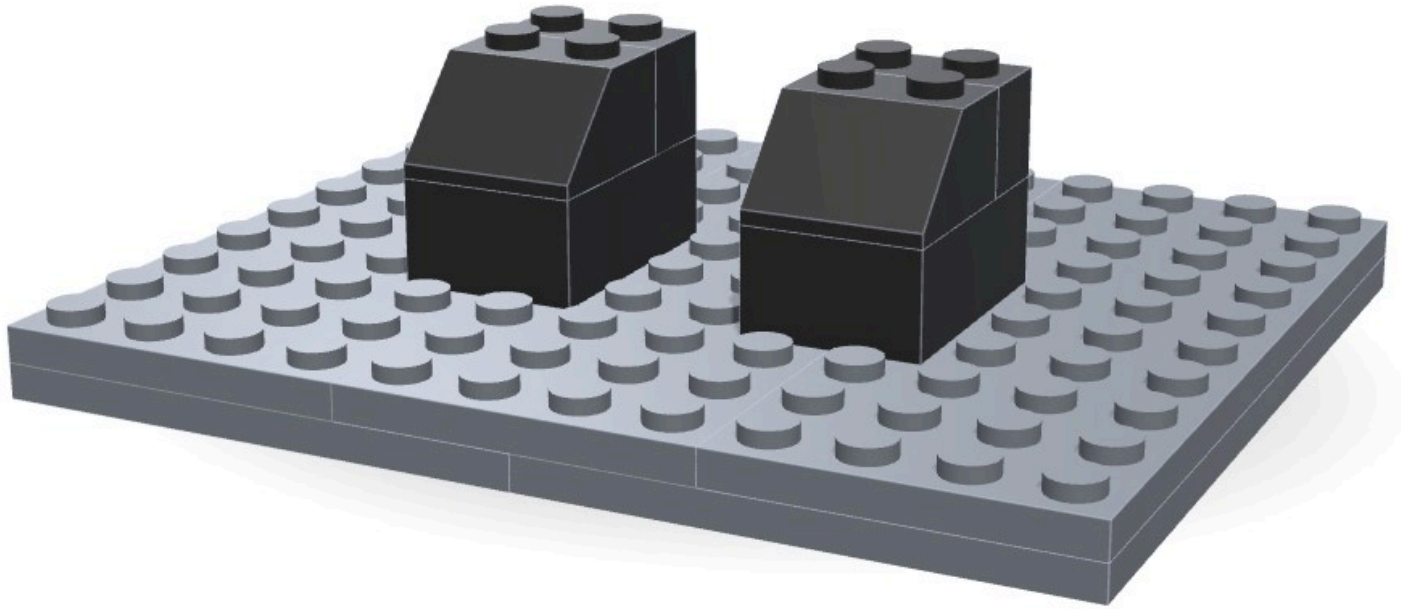

2x

2x

Boots

A black 2×3 brick for each foot, then a 1×2 brick at the heel and a 2×2 slope for the toe.

STEP

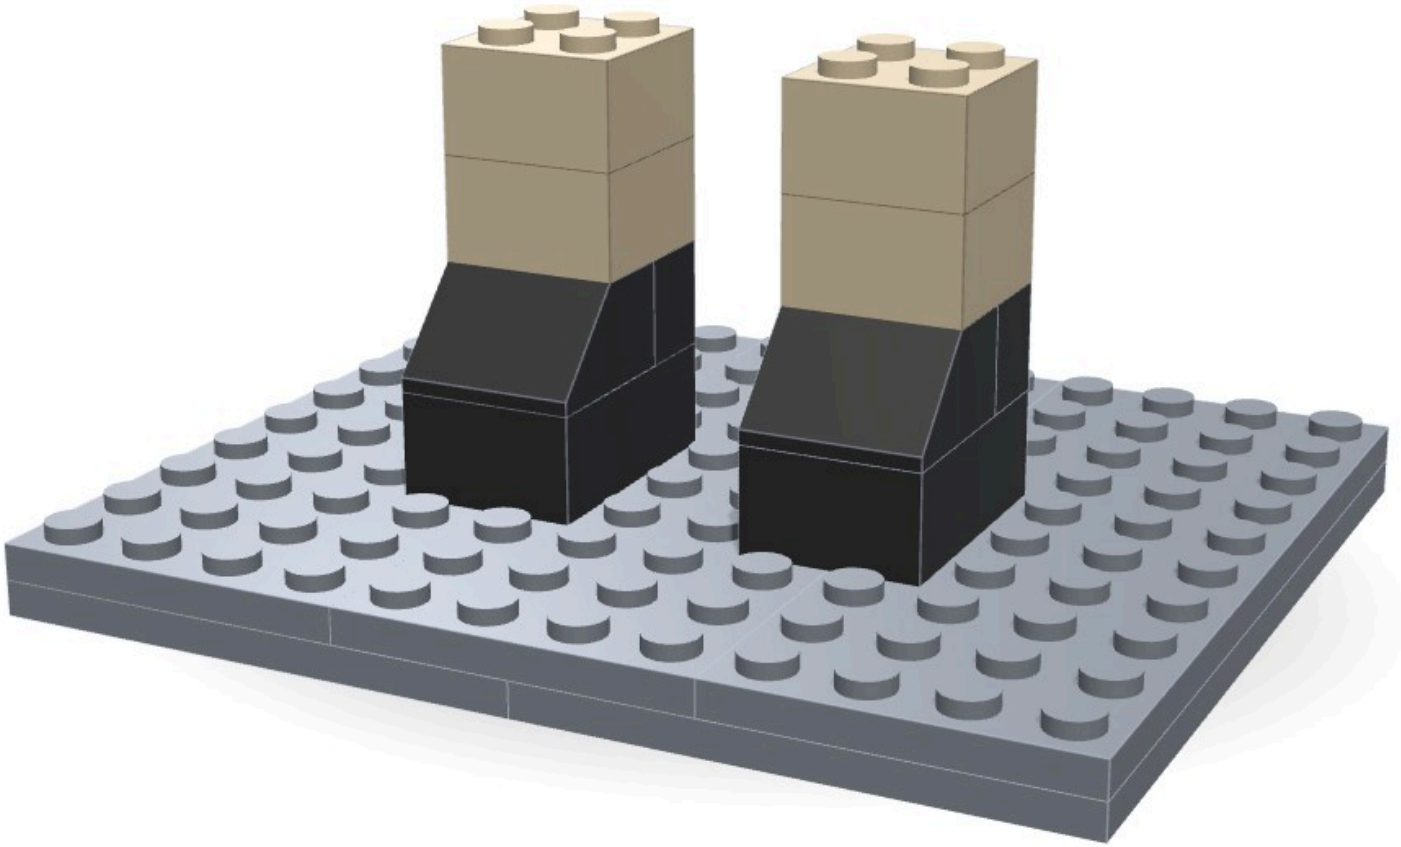

3

4x

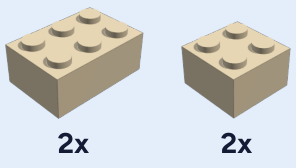

Legs

Two dark tan 2×2 bricks on each boot.

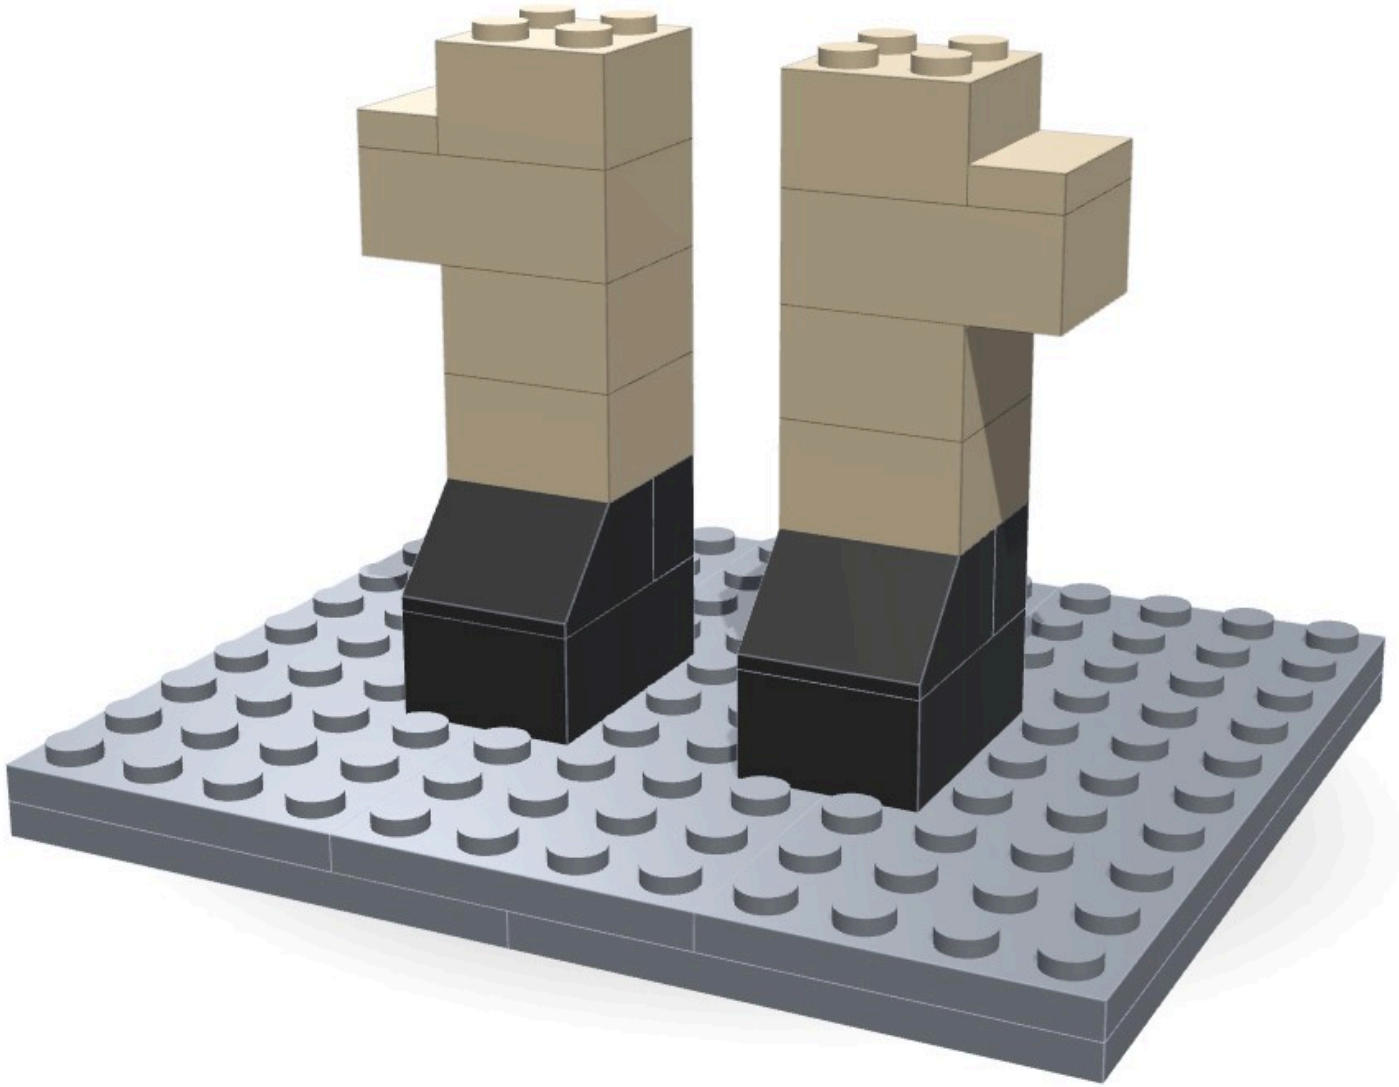

STEP

4

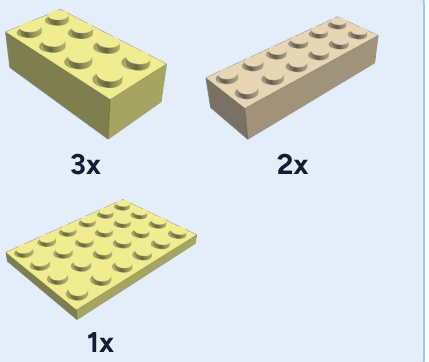

Cargo pockets

A 2×3 brick on each leg sticks out one stud at the side: the thigh pocket. A tile makes its flap, a 2×2 brick finishes the leg.

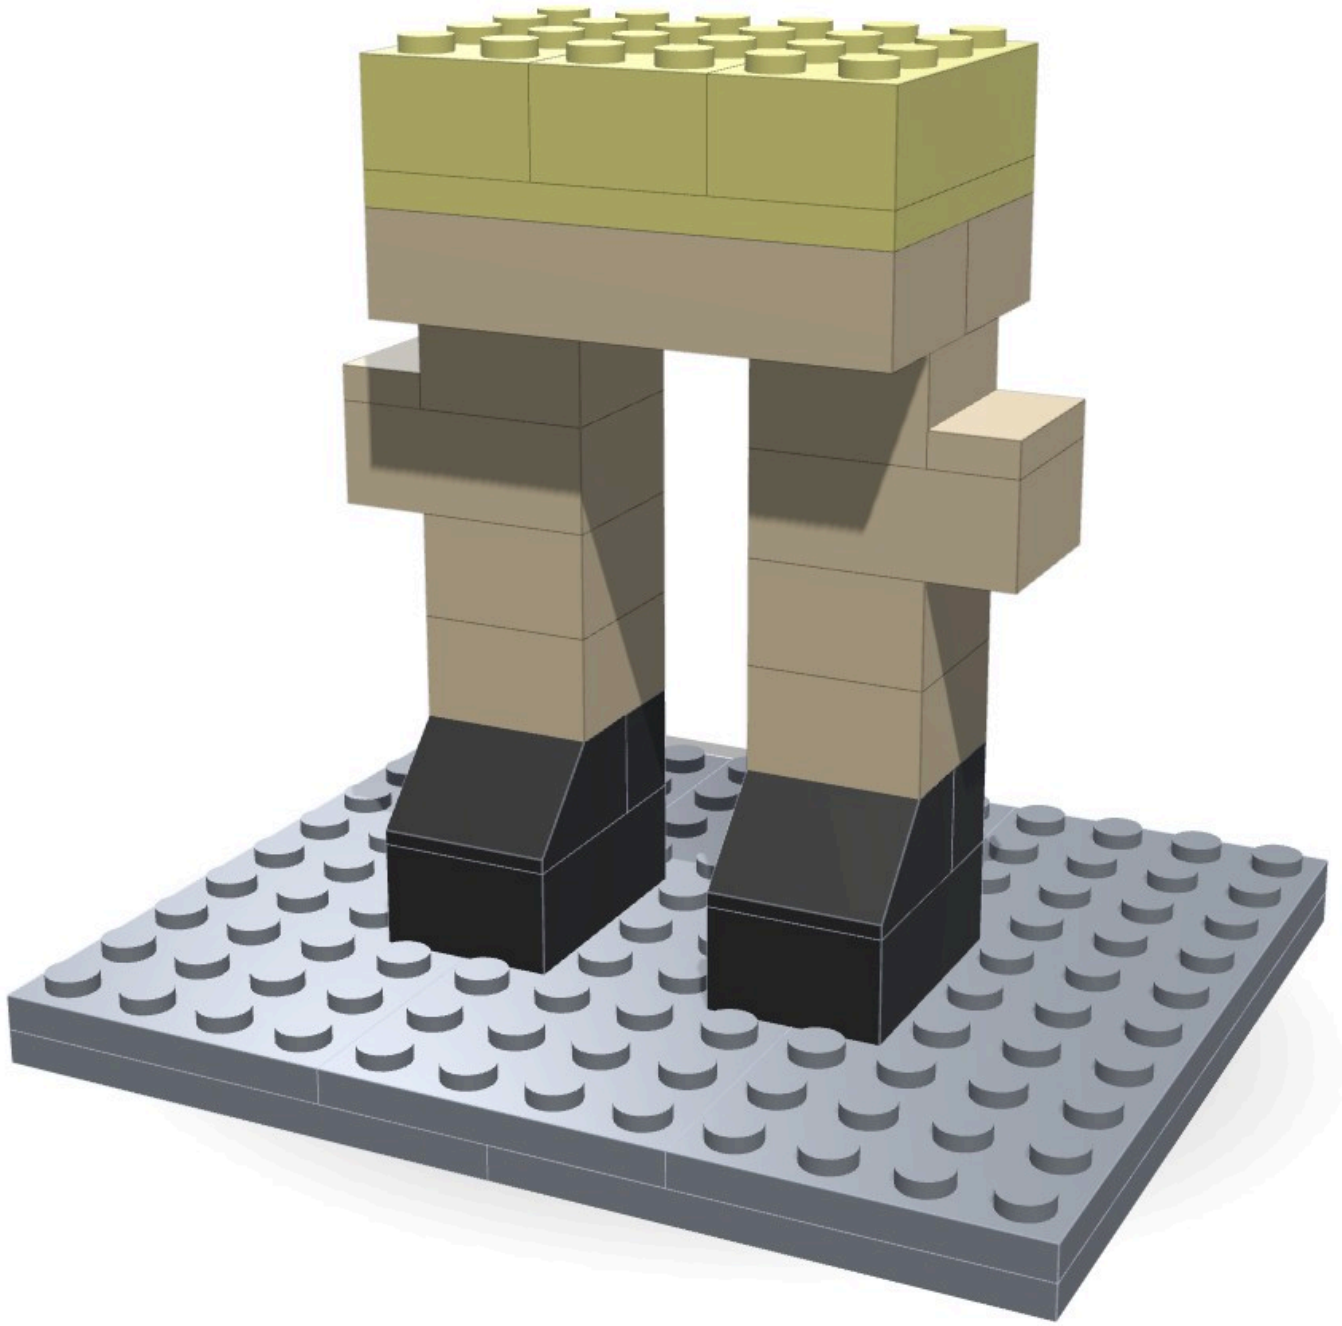

STEP

5

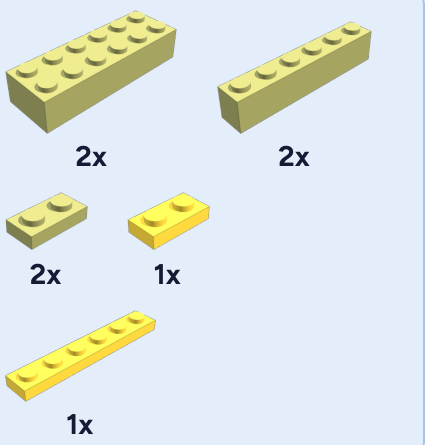

Hips and fleece

Two dark tan 2×6 bricks join the legs. An olive 4×6 plate is the hem of the fleece, then three olive 2×4 bricks.

STEP

6

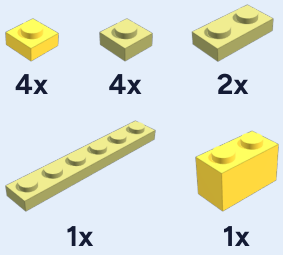

Chest

Olive bricks for the chest, three studs deep. In front, the first two plate rows of the trident: its stem, then its yellow crossbar.

STEP

7

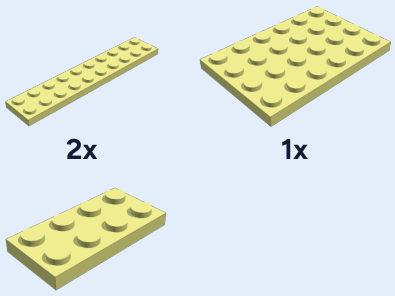

Trident

The rest of the tryzub, one plate row at a time: the two side prongs, the tall middle prong, and an olive row on top.

STEP

8

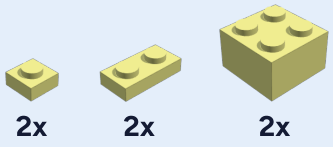

Shoulders and collar

An olive 4×6 plate locks the chest, two 2×10 plates make the shoulders, and a 2×4 plate the crew neck.

STEP

9

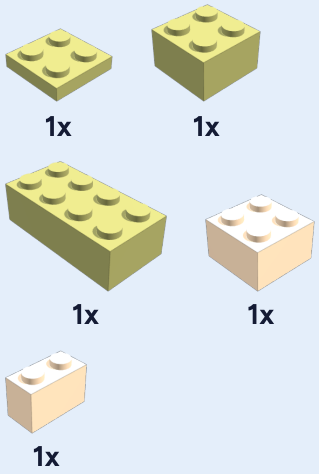

Left arm and flag patch

His left arm hangs relaxed under the shoulder. Two 1×1 plates on the outside of the sleeve, blue over yellow, make the Ukrainian flag patch.

STEP

10

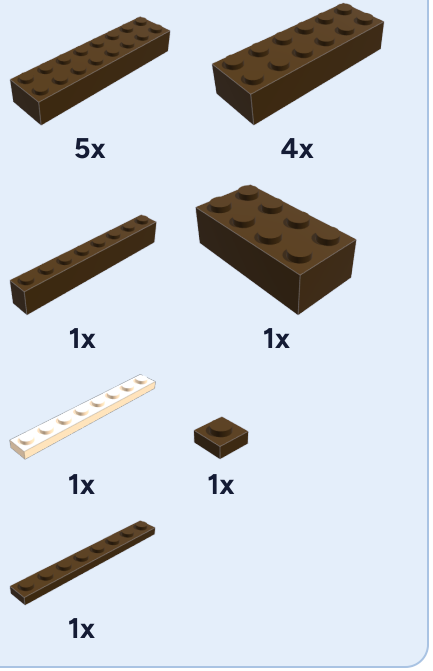

Right arm, raised

His right forearm is a 2×4 brick pointing forward; the hand stands up on its front end, palm out, as if he is mid-sentence.

STEP

11

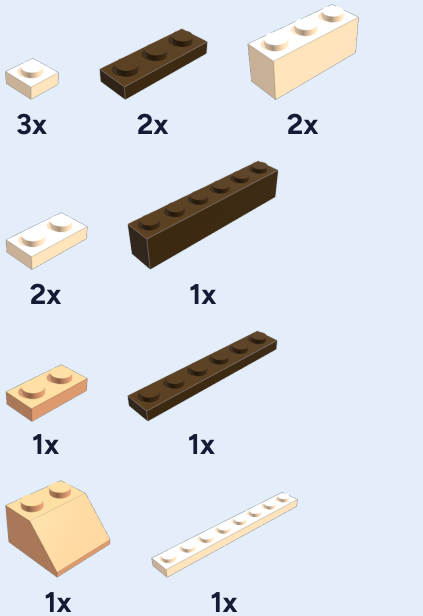

Jaw and beard (1/3)

A narrower dark brown jaw on the collar, then the full 8-wide head. In front: the beard with a nougat mouth, and the moustache.

STEP

12

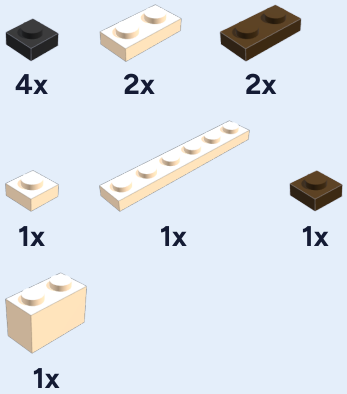

Jaw and beard (2/3)

More of the same: a narrower dark brown jaw on the collar, then the full 8-wide head. In front: the beard with a nougat mouth, and the moustache.

STEP

13

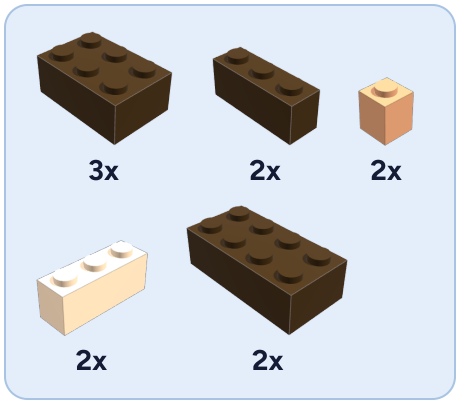

Jaw and beard (3/3)

More of the same: a narrower dark brown jaw on the collar, then the full 8-wide head. In front: the beard with a nougat mouth, and the moustache.

STEP

14

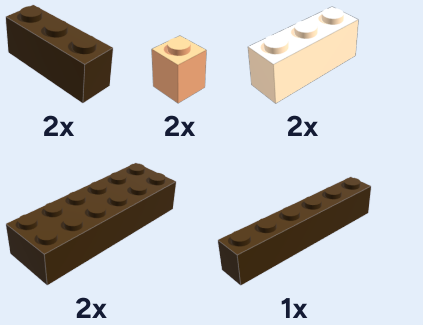

Nose and cheeks

A 2×2 slope sticks out one stud for the nose, cheeks either side, beard up to the ears. Each side of the head: hair at the back, a nougat ear, skin in front.

STEP

15

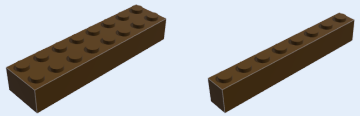

Temples and ears

The next layer of the head: the ears again, skin at the temples, hair behind, and a skin plate row across the forehead.

STEP

16

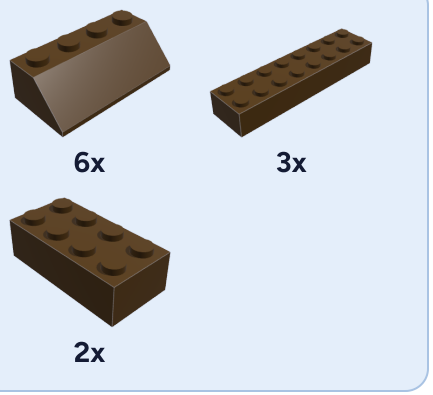

Forehead and hairline

Two more forehead rows, the hairline coming in at the corners, and the dark brown hair layer behind.

STEP

17

Hair

Four dark brown 2×8 bricks front to back lock the whole head together; slopes all round give the short haircut its rounded top.
